The designation of a lender as a certified lender shall be suspended or revoked at any time that the Administration determines that the lender is not adhering to its rules and regulations or if the Administration determines that the loss experience of the lender is excessive as compared to other lenders: *Provided further*, That any suspension or revocation of the designation shall not affect any outstanding guarantee: *And provided further*, That the Administration may not reduce the per centum of guarantee as a criterion of eligibility for participation in this program, except as otherwise provided by law.".

An Act

Nov. 3, 1988
[H.R. 4124]

To authorize appropriations to carry out the Atlantic Striped Bass Conservation Act for fiscal years 1989 through 1991, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

16 USC 1851 note.

SECTION 1. AUTHORIZATION OF APPROPRIATIONS.

Section 7 of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851) is amended by striking "and 1988," and inserting in lieu thereof "1988, 1989, 1990, and 1991,".

16 USC 1851 note.

SEC. 2. EFFECTIVE PERIOD.

Section 9 of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851) is amended by striking "1988." and inserting in lieu thereof "1991.".

SEC. 3. FUNDING OF STRIPED BASS STUDIES.

Section 7(d) of the Anadramous Fish Conservation Act (16 U.S.C. 757g(d)) is amended by striking "the fiscal year ending September 30, 1980," and all that follows through "September 30, 1988" and inserting in lieu thereof "each of the fiscal years 1988, 1989, 1990, and 1991".

SEC. 4. COMMISSION FUNCTIONS.

Section 4(a)(1) of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851 note) is amended by inserting "and at any other time it deems necessary," immediately after "thereafter,".

16 USC 1851 note.

SEC. 5. STUDY OF STRIPED BASS IN ALBEMARLE SOUND AND ROANOKE RIVER BASIN.

(a) FINDINGS.—The Congress finds that:

(1) The anadromous stock of striped bass in the Albemarle Sound-Roanoke River Basin area of North Carolina sustained important commercial and recreational fisheries as recently as the 1960's and 1970's.

(2) This stock has been declining for some time and is severely depressed at present, and may soon reach a level from which recovery will be exceptionally difficult.

(3) The reasons for this decline are thought to include fishing; other human activities and environmental factors, such as unsuitable water flow before, during, and after critical spawning periods; degradation of water quality by pollutants; the impact of eutrophication on the food chain, and the impact of changing land use activities.

(4) Current Federal and interstate efforts to conserve the Atlantic striped bass, while effective in identifying factors contributing to the decline of other important Atlantic coastal migratory stocks of striped bass and steps that will be effective in reversing that decline, have not made a major contribution to the protection and restoration of the Albemarle Sound-Roanoke River stock of striped bass.

102 STAT. 2985

(5) Because the striped bass and the aquatic environment of the Albemarle Sound-Roanoke River basin presently are being significantly affected by combined but not fully understood causes, a study should be undertaken to obtain additional biological information to understand the significance of fishing, water flows, and other factors in the decline of the striped bass populations in the Albemarle Sound-Roanoke River basin and, if feasible, develop an effective course of action for restoring these important stocks of striped bass.

(b) STUDY.—

(1) IN GENERAL.—The Director of the United States Fish and Wildlife Service, in consultation with the Assistant Adminis-

trator for Fisheries of the National Oceanic and Atmospheric Administration shall—

(A) immediately undertake a biological study of the striped bass fishery resources and habitats of the Albemarle Sound-Roanoke River basin area;

(B) develop short-term and long-term recommendations for Federal and State government agencies for restoring and conserving such resources and habitats; and

(C) submit the results of such study and such recommendations to the Congress and to the States of North Carolina and Virginia as soon as practicable, but not later than 36 months after the date of the enactment of this Act.

North Carolina. Virginia.

(2) CONTENTS OF THE STUDY.—The study conducted under this subsection shall, to the extent existing data are adequate, use such existing data and shall include—

(A) a description of the Albemarle Sound-Roanoke River basin area, and an investigation and analysis of the effects of land and water use practices on the striped bass population and habitats of the area;

(B) an investigation and analysis of the abundance and age and geographic distribution of the Albemarle Sound-Roanoke River stock of striped bass, including the amount and geographical location of migration and spawning habitat;

(C) an investigation and analysis of factors that may affect the abundance and age and geographic distribution of the Albemarle Sound-Roanoke River stock of striped bass, including—

(i) the extent and causes of mortality at successive stages in the life cycle of striped bass, including mortality due to recreational and commercial fishing; and

(ii) the combined effects of pollution and other natural and human alterations of the physical environment, including the effects of water withdrawals, discharges, and flows, on striped bass migration and spawning and on the viability and condition of eggs and larval fish;

(D) an investigation and analysis of the status and effectiveness of current striped bass management measures implemented by State and Federal authorities, including State fishing regulations and Federal fish stocking activities, reservoir management and water flow regulation, and an analysis of whether any additional State or Federal measures would be effective in halting the decline and initiating the recovery of the Albemarle Sound-Roanoke River stock of striped bass; and

102 STAT. 2986

(E) a recommendation of whether conservation of the Albermarle Sound-Roanoke River stocks of striped bass could be improved by management of these stocks under the provisions of the Atlantic States Marine Fisheries Commission's Interstate Fisheries Management Plan for Striped Bass and the Atlantic Striped Bass Conservation Act.

(c) PARTICIPATION BY STATE AGENCIES.—

(1) The Director of the North Carolina Division of Marine Fisheries, the Executive Director of the North Carolina Wildlife Resources Commission, the Secretary of the Virginia Department of Natural Resources, and the District Engineer for the Wilmington District of the United States Army Corps of Engineers shall be invited to have their agencies participate in conducting the study and developing recommendations pursuant to subsection (b).

(2) To facilitate participation by the agencies referred to in paragraph (1), should they decide to participate, a Memorandum of Understanding will be executed with such officials setting forth the respective responsibilities of the entities involved in conducting the study and developing those recommendations.

(d) CONSULTATION.—In carrying out the study under subsection (b), the Atlantic States Marine Fisheries Commission, other Federal agencies, the Albermarle-Pamlico Estuarine Study, Dominion Resources, Inc./Virginia Power/North Carolina Power, affected local governments in North Carolina and Virginia, appropriate commercial and recreational fishing interests, and other interests shall be consulted, to the maximum extent practicable.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated the sum of $1,000,000 to carry out the requirements of this section. These appropriations will remain available until expended.

(f) STATE AUTHORITY.—Nothing in this section shall be construed as authorizing any State to manage fisheries within the jurisdiction of another State.

(g) RESTRICTION ON USE OF OTHER FUNDS.—Amounts appropriated pursuant to the authorization contained in section 7(d) of the Anadromous Fish Conservation Act (16 U.S.C. 757g(d)) shall not be used to carry out this section.

16 USC 1851 note.

SEC. 6. PROTECTION OF STRIPED BASS IN THE EXCLUSIVE ECONOMIC ZONE.

(a) REGULATION OF FISHING IN EXCLUSIVE ECONOMIC ZONE.—The Secretary of Commerce shall promulgate regulations governing the fishing for Atlantic striped bass in the exclusive economic zone that the Secretary determines to be consistent with the national standards set forth in section 301 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1851) and necessary and appropriate to—

(1) ensure the effectiveness of State regulations or a Federal moratorium on fishing for Atlantic striped bass within the coastal waters of a coastal State; and

(2) achieve conservation and management goals for the Atlantic striped bass resource.

102 STAT. 2987

State and local governments.

(b) CONSULTATION; PERIODIC REVIEW OF REGULATIONS.—In preparing regulations under subsection (a), the Secretary shall consult with the Atlantic States Marine Fisheries Commission, the appropriate Regional Fishery Management Councils, and each affected Federal, State, and local government entity. The Secretary shall periodically review regulations promulgated under subsection (a), and if necessary to ensure their continued consistency with the requirements of subsection (a), shall amend those regulations.

(c) FISHERY MANAGEMENT PLAN ON STRIPED BASS.—

(1) The appropriate Regional Fishery Management Councils may prepare a fishery management plan on Atlantic striped bass, which if approved and implemented by the Secretary shall supersede any regulations promulgated under subsection (a). Such plan shall—

(A) meet the requirements of sections 301 and 303 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1851 and 1853);

(B) apply to all fishing for Atlantic striped bass within the exclusive economic zone; and

(C) ensure the effectiveness of the Plan of the Atlantic States Marine Fisheries Commission defined under section 3(7) of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851 note).

102 STAT. 3855

TITLE I—CONGRESSIONAL FINDINGS AND PURPOSES

SEC. 101. FINDINGS AND PURPOSES. 15 USC 636 note.

(a) FINDINGS.—The Congress finds that—

(1) the Capital Ownership Development Program administered by the Small Business Administration and the award of contracts pursuant to section 8(a) of the Small Business Act remain a primary tool for improving opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals in the Federal procurement process and bringing such concerns into the nation's economic mainstream;

(2) although some progress has resulted from the Program, it has generally failed to meet its objectives, which remain as valid now as when the Program was initiated;

(3) too few concerns that have exited the Program have been prepared to compete successfully in the open marketplace on competitive procurements, and many concerns have developed

an unhealthy dependency on sole-source contracts by the time they are required to leave the Program;

(4) the application and certification process for admitting new participants to the Program is inordinately lengthy and burdensome;

(5) the Administration has often not efficiently and equitably administered and managed the Program in a manner that provided clear lines of responsibility for implementing and monitoring many of the administrative duties under the Program;

(6) the Administration and some program participants have given insufficient attention and support to the business development goals of the Program and instead have focused almost entirely on the size of contract awards or the number of firms certified to participate in the Program;

(7) many Federal procuring agencies have failed to identify and offer the necessary amount of contract support in order to allow for diversification and growth of disadvantaged businesses participating in the Program;

(8) contract support as well as business development expenses have been misused both by the Administration and Program participants and have not been equitably distributed pursuant to objective criteria;

(9) the widespread perception of undue political influence in the operation and administration of the Program has significantly contributed to the Program's poor image and has deterred utilization of the Program by socially and economically disadvantaged concerns and by Federal procuring agencies; and

(10) it is imperative that increased competition and other substantial reforms be accomplished in the Program in order to promote the Congressionally mandated business development objectives and purposes.

(b) PURPOSES.—The purposes of this Act therefore are to—

(1) affirm that the Capital Ownership Development Program and the section 8(a) authority shall be used exclusively for business development purposes to help small businesses owned and controlled by the socially and economically disadvantaged to compete on an equal basis in the mainstream of the American economy;

102 STAT. 3856

(2) affirm that the measure of success of the Capital Ownership Development Program, and the section 8(a) authority, shall be the number of competitive firms that exit the Program without being unreasonably reliant on section 8(a) contracts and that are able to compete on an equal basis in the mainstream of the American economy;

(3) ensure that program benefits accrue to individuals who are both socially and economically disadvantaged;

(4) increase the number of small businesses owned and controlled by such individuals from which the United States may purchase products and services (including construction work); and

(5) ensure integrity, competence, and efficiency in the administration of business development services and the Federal contracting opportunities made available to eligible small businesses.

TITLE II—PROGRAM ORGANIZATION AND PARTICIPATION STANDARDS

SEC. 201. PROGRAM ADMISSION.

(a) ELIGIBILITY OF PARTICIPANTS.—Section 7(j)(11) of the Small Business Act (15 U.S.C. 636(j)(11)) is amended by striking out "(11)" and inserting in lieu thereof "(11)(A)" and by adding the following new subparagraphs:

"(B) Except as provided in section 602(d) of the Business Opportunity Development Reform Act of 1988, any individual upon whom eligibility is based pursuant to section 8(a)(4), shall be permitted to assert such eligibility for only one small business concern. Notwithstanding the provisions of the preceding sentence, no individual who was determined pursuant to section 8(a) to be socially and economically disadvantaged before the effective date of this subparagraph shall be permitted to assert such disadvantage with respect to any other concern making application for certification after such effective date.

"(C) No concern, previously eligible for the award of contracts pursuant to section 8(a), shall be subsequently recertified for program participation if its prior participation in the program was concluded for any of the reasons described in paragraph (10)(E).

"(D) A concern eligible for the award of contracts pursuant to this subsection shall remain eligible for such contracts if there is a transfer of ownership and control (as defined pursuant to section 8(a)(4)) to individuals who are determined to be socially and economically disadvantaged pursuant to section 8(a). In the event of such a transfer, the concern, if not terminated or graduated, shall be eligible for a period of continued participation in the program not to exceed the time limitations prescribed in paragraph (15).

Establishment.

"(E) There is established a Division of Program Certification and Eligibility (hereinafter referred to in this paragraph as the "Division") that shall be made part of the Office of the Associate Administrator for Minority Small Business and Capital Ownership Development. The Division shall be headed by a Director who shall report directly to such Associate Administrator. The Division shall establish field offices within such regional offices of the Administration as may be necessary to perform efficiently its functions and responsibilities.

102 STAT. 3857

"(F) Subject to the provisions of section 8(a)(9), the functions and responsibility of the Division are to—

"(i) receive, review and evaluate applications for certification pursuant to paragraphs (4), (5), (6) and (7) of section 8(a);

"(ii) advise each program applicant within 15 days after the receipt of an application as to whether such application is complete and suitable for evaluation and, if not, what matters must be rectified;

"(iii) render recommendations on such applications to the Associate Administrator for Minority Small Business and Capital Ownership Development;

"(iv) review and evaluate financial statements and other submissions from concerns participating in the program established by paragraph (10) to ascertain continued eligibility to receive subcontracts pursuant to section 8(a);

"(v) make a request for the initiation of termination or graduation proceedings, as appropriate, with the Associate Administrator for Minority Small Business and Capital Ownership Development;

"(vi) decide protests from applicants that have been denied program admission;

"(vii) decide protests regarding the status of a concern as a disadvantaged concern for purposes of any program or activity conducted under the authority of subsection (d) of section 8, or any other provision of Federal law that references such subsection for a definition of program eligibility; and

"(viii) implement such policy directives as may be issued by the Associate Administrator for Minority Small Business and Capital Ownership Development pursuant to subparagraph (H) regarding, among other things, the geographic distribution of concerns to be admitted to the program and the industrial make-up of such concerns.

"(G) An applicant shall not be denied admission into the program established by paragraph (10) due solely to a determination by the Division that specific contract opportunities are unavailable to assist in the development of such concern unless—

"(i) the Government has not previously procured and is unlikely to procure the types of products or services offered by the concern; or

"(ii) the purchases of such products or services by the Federal Government will not be in quantities sufficient to support the developmental needs of the applicant and other Program participants providing the same or similar items or services.

"(H) Thirty days before the conclusion of each fiscal year, the Director of the Division shall review all concerns that have been admitted into the Program during the preceding 12-month period. The review shall ascertain the number of entrants, their geographic distribution and industrial classification. The Director shall also estimate the expected growth of the Program during the next fiscal year and the number of additional Business Opportunity Specialists, if any, that will be needed to meet the anticipated demand for the Program. The findings and conclusions of the Director shall be reported to the Associate Administrator for Minority Small Business and Capital Ownership Development by September 30 of each year. Based on such report and such additional data as may be relevant, the Associate Administrator shall, by October 31 of each year, issue policy and program directives applicable to such fiscal year that—

"(i) establish priorities for the solicitation of program applications from underrepresented regions and industry categories;

"(ii) assign staffing levels and allocate other program resources as necessary to meet program needs; and

"(iii) establish priorities in the processing and admission of new Program Participants as may be necessary to achieve an equitable geographic distribution of concerns and a distribution of concerns across all industry categories in proportions needed to increase significantly contract awards to small business concerns owned and controlled by socially and economically disadvantaged individuals. When considering such increase the Administration shall give due consideration to those industrial categories where Federal purchases have been substantial but where the participation rate of such concerns has been limited.".

Employment and unemployment.

(b) OUTREACH.—Section 8(a)(10) of the Small Business Act (15 U.S.C. 637(a)(10)) is amended by adding at the end thereof the following: "Such program shall make a sustained and substantial effort to solicit applications for certification from small business concerns located in areas of concentrated unemployment or underemployment or within labor surplus areas and within States having relatively few Program Participants and from small disadvantaged business concerns in industry categories that have not substantially participated in the award of contracts let under the authority of this subsection.".

TITLE VII—SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM

Small Business Competitiveness Demonstration Program Act of 1988.
15 USC 644 note.

PART A—SHORT TITLE AND FINDINGS

SEC. 701. SHORT TITLE.

This title may be cited as the "Small Business Competitiveness Demonstration Program Act of 1988".

SEC. 702. FINDINGS.

The Congress finds that—

(1) many small business concerns have repeatedly demonstrated their ability to fulfill a broad range of Government requirements for products, services (including research, development, technical, and professional services), and construction, through the Federal procurement process;

(2) various Congressional mandated reforms to the Federal procurement process, including the Competition in Contracting Act of 1984, the Defense Procurement Reform Act of 1984, and the Small Business and Federal Procurement Competition Enhancement Act of 1984, were designed to eliminate obstacles to competition and thereby to broaden small business participation; and

(3) traditional agency efforts to implement the mandate for small business participation in a fair proportion of Federal procurements as required by section 15(a) of the Small Business Act have resulted in—

(A) a concentration of procurement contract awards in a limited number of industry categories, often dominated by small business concerns, through the use of set-asides, for the purpose of assuring the attainment of the agency's overall small business contracting goals; and

(B) inadequate efforts to expand small business participation in agency procurements of products or services which have historically demonstrated low rates of small business participation despite substantial potential for expanded small business participation.

PART B—DEMONSTRATION PROGRAM

15 USC 644 note.

SEC. 711. SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM.

(a) ESTABLISHMENT.—There is established a Small Business Competitiveness Demonstration Program (hereafter referred to as "the Program") pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413) to provide for the testing of innovative procurement methods and procedures. The Administrator of Federal Procurement Policy shall designate the Administrator of the Small Business Administration as the executive agent responsible for conducting the test.

(b) PURPOSES.—The purposes of the Program are to demonstrate whether—

(1) the competitive capabilities of small business firms in certain industry categories will enable them to successfully compete on an unrestricted basis for Federal contracting opportunities,

102 STAT. 3890

(2) the use of targeted goaling and management techniques by procuring agencies, in conjunction with the Small Business Administration, can expand small business participation in Federal contracting opportunities which have been historically low, despite adequate numbers of qualified small business contractors in the economy, and

(3) expanded use of full and open competition, as specified by the Competition in Contracting Act of 1984 (10 U.S.C. 2302(3) and 41 U.S.C. 403(7)), adversely affects small business participation in certain industry categories, taking into consideration the numerical dominance of small firms, the size and scope of most contracting opportunities, and the competitive capabilities of small firms.

(c) PROGRAM TERM.—The Program shall be conducted over a period of 4 years, beginning on January 1, 1989, and ending on December 31, 1992.

(d) APPLICATION.—The Program shall apply to contract solicitations for the procurement of services in industry groups designated in section 717.

SEC. 712. ENHANCED SMALL BUSINESS PARTICIPATION GOALS.

(a) ENHANCED GOALS FOR DESIGNATED INDUSTRY GROUPS.—Each participating agency shall establish an annual small business participation goal that is 40 percent of the dollar value of the contract awards for each of the designated industry groups. In attaining its small business participation goal for contract awards for each of the designated industry groups, each participating agency shall make a good faith effort to assure that emerging small business concerns are awarded not less than 15 percent of the dollar value of the contract awards for each of the designated industry groups.

(b) SPECIAL ASSISTANCE FOR EMERGING SMALL BUSINESS CONCERNS.—

(1) SMALL BUSINESS RESERVE.—During the term of the Program, all contract opportunities in the industry groups designated in section 718 shall be reserved for exclusive competition among emerging small business concerns in accordance with the competition standard specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)), if the estimated award value of the contract is equal to or less than the greater of:

(A) $25,000, or

(B) such larger dollar amount established pursuant to paragraph (2).

(2) ADJUSTMENTS TO THE SMALL BUSINESS RESERVE.—If the goal of awarding emerging small business concerns 15 percent of the total dollar value of contracts in a designated industry category is determined not to have been attained, upon the review of award data conducted in accordance with subsection (d)(1) of this section, the Administrator for Federal Procurement Policy, to ensure attainment of such goal, shall prescribe, on a semi-annual basis, appropriate adjustments to the dollar threshold for contract opportunities in such designated industry category below which competition shall be conducted exclusively among emerging small business concerns.

(3) SMALL BUSINESS SMALL PURCHASE RESERVE.—The requirements of this subsection dealing with the reserve amount shall apply notwithstanding the amount specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)).

102 STAT. 3891

(4) EXCLUSION OF MODIFICATIONS TO EXISTING CONTRACTS ABOVE THE SMALL PURCHASE THRESHOLD.—Any modification or follow-on award to a contract having an initial award value in excess of $25,000 shall not be subject to the limitations on competition required by this subsection.

(c) TARGETING INDUSTRY CATEGORIES WITH LIMITED SMALL BUSINESS PARTICIPATION.—(1) Concurrent with the term of the Small Business Competitiveness Demonstration Program, the head of each participating agency shall implement a program to expand small business participation in the agency's acquisition of selected products and services in 10 industry categories which have historically demonstrated low rates of small business participation. The products and services to be targeted for the small business participation expansion program and the special goals for such program, shall be developed in conjunction with the Administrator of the Small Business Administration, and shall be subject to the requirements of section 15(g) of the Small Business Act (15 U.S.C. 644(g)).

(2) The products or services selected for the small business participation expansion program shall be drawn from industry categories that:

(A) are the recipients of substantial purchases by the Federal Government;

(B) have less than 10 percent of such annual purchases made from small business concerns; and

(C) have significant amounts of small business productive capacity that have not been utilized by the Government.

(3) In developing its small business participation expansion program, each participating agency shall:

(A) prepare, and furnish to the Administration, a detailed, time-phased strategy (with incremental numerical goals); and

(B) encourage and promote joint ventures, teaming agreements and other similar arrangements, which permit small business concerns to effectively compete for contract solicitations for which an individual small business concern would lack the requisite capacity or capability needed to establish responsibility for the award of a contract.

(d) MONITORING AGENCY PERFORMANCE.—

(1) Participating agencies shall monitor the attainment of their small business participation goals on a quarterly basis. The initial review by each participating agency shall be com-

pleted not later than June 30, 1989, based on the data for the period January 1 through March 31, 1989. Thereafter, each review shall be based on the aggregate of contract award data from the 4 quarters preceding the date of the review for which data is available.

(2) All awards to small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) shall be counted toward attainment of the goals specified in subsection (a) of this section.

(3) Modifications to a participating agency's solicitation practices, pursuant to section 713(b), shall be made at the beginning of the quarter following each review, if the rate of small business participation is less than 40 percent of the contract awards. 102 STAT. 3892

SEC. 713. PROCUREMENT PROCEDURES.

(a) FULL AND OPEN COMPETITION.—Except as provided in subsections (b) and (c), each contract opportunity with an anticipated value of $25,000 or more for the procurement of services from firms in the designated industry groups (unless set aside pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 1207 of the National Defense Authorization Act for Fiscal Year 1987) shall be solicited on an unrestricted basis during the term of the Program, if the participating agency has attained its small business participation goal pursuant to section 712(a). Any regulatory requirements which are inconsistent with this provision shall be waived.

(b) RESTRICTED COMPETITION.—If a participating agency has failed to attain its small business participation goal under section 712(a), subsequent contracting opportunities, which are in excess of the reserve thresholds specified pursuant to section 712(b) shall be solicited through a competition restricted to eligible small business concerns pursuant to section 15(a) of the Small Business Act (15 U.S.C. 644(a)) to the extent necessary for such agency to attain its goal. Such modifications in the participating agency's solicitation practices shall be made as soon as practicable, but not later than the beginning of the quarter following completion of the review made pursuant to section 712(d) indicating that changes to solicitation practices are required. Such participating agency shall comply with the requirements of subsection (a) upon determining that its contract awards to small business concerns meet the required goals.

(c) RELATIONSHIP WITH THE COMPETITION IN CONTRACTING ACT OF 1984.—Subsections (a) and (b) shall not be construed to supersede the application of the Competition in Contracting Act of 1984 (98 Stat. 1175).

SEC. 714. REPORTING.

(a) AWARDS OF $25,000 OR LESS.—During the term of the Small Business Competitiveness Demonstration Program, each award of $25,000 or less made by a participating agency for the procurement of a service in any of the designated industry categories shall be reported to the Federal Procurement Data Center in the same manner as if the purchase were in excess of $25,000.

(b) SUBCONTRACTING ACTIVITY.—The Administrator for Federal Procurement Policy shall devise and implement, during the term of the Program, a simplified system to test the collection, reporting, and monitoring of data on subcontract awards to small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals for—

(1) services in each of the designated industry groups; and

(2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(c).

(c) SIZE OF SMALL BUSINESS CONCERNS.—During the term of the Program, each participating agency shall collect data pertaining to

the size of the small business concern receiving any award for the procurement of—

(1) services in each of the designated industry groups; and

(2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(d).

(b) POLICY DIRECTION.—The Administrator for Federal Procurement Policy, in cooperation with the Administrator of the Small Business Administration, shall issue a policy directive (which shall be binding on all participating agencies) to ensure consistent Government-wide implementation of this title in the Federal Acquisition Regulation, title 48 of the Code of Federal Regulations, issued pursuant to the Office of Federal Procurement Policy Act.

The views of the Administrator of the Small Business Administration shall be included in the report.

(b) ANALYSIS OF PROGRAM.—The report shall include a section prepared by the Administrator of the Small Business Administration specifying the results of the intensive goaling and management program conducted to expand small business participation in agency acquisitions of selected products and services.

(c) RECOMMENDATIONS.—To the extent the results of the Program demonstrate sufficiently high small business participation based on unrestricted contract competition in the designated industry groups, the report shall include recommendations (if appropriate) for changes in legislation or modifications of procurement regulations aimed at increasing reliance on unrestricted competition if high rates of small business participation in the Federal procurement market can be maintained.

SEC. 717. DESIGNATED INDUSTRY GROUPS.

(a) IN GENERAL.—For the purposes of participation in this Program, the designated industry groups are—

(1) construction (excluding dredging);

(a) ESTABLISHMENT.—Subject to the requirements of subsection (b), of the total dollar amount of contracts for each standard industrial classification code for clothing and textiles awarded by the Defense Logistics Agency for each of the fiscal years 1989, 1990, and 1991:

(1) To the maximum extent practicable, 50 percent shall not be restricted by the size status of the competing business concerns.

(2) To the maximum extent practicable, 50 percent shall be made available for award pursuant to—

(A) section 8(a) of the Small Business Act (15 U.S.C. 637(a));

(B) section 1207 of the National Defense Authorization Act for Fiscal Year 1987; and

(C) section 15(a) of the Small Business Act (15 U.S.C. 644(a)), if the criteria for such awards are met pursuant to part 19.5 (Set-Asides for Small Business) of title 48, Code of Federal Regulations, as in effect on September 1, 1988.

(b) COMPUTATION.—In order to calculate the percent limitation established pursuant to subsection (a), the Department may establish, after consultation with the Small Business Administration, major groupings of standard industrial classification codes that are closely related and apply such limitations to such groupings.

SEC. 722. EXPANDING SMALL BUSINESS PARTICIPATION IN DREDGING.

(a) ESTABLISHMENT.—During fiscal years 1989, 1990, 1991, and 1992, the Secretary of the Army (hereafter in this section referred to as the "Secretary") shall conduct a program to expand the participation of small business concerns and emerging small business concerns in contracting opportunities for dredging.

(b) ENHANCED GOALS.—Of the total dollar value of contracts for dredging, the Department of the Army (hereafter in this section referred to as the "Department") shall make every reasonable effort to award to small business concerns:

(1) 20 percent during fiscal year 1989, including 5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

(2) 25 percent during fiscal year 1990, including 7.5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

(3) 30 percent during fiscal year 1991, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns; and

(4) 30 percent during fiscal year 1992, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns.

Subcontract awards may be counted towards the attainment of such goals, provided that there is available a system for the collection of data relating to the award of subcontracts under dredging contracts awarded by the Department.

102 STAT. 3896

(c) CONTRACT AWARD PROCEDURES.—(1) Except as provided in paragraphs (2) and (3), the Department shall solicit and award contracts for dredging through full and open competition in conformity with section 2304 of title 10, United States Code, section 15 of the Small Business Act (15 U.S.C. 644), and the implementing procurement regulations promulgated in conformity with section 6 of the Office of Federal Procurement Policy Act (41 U.S.C. 405). Nothing herein shall impair the award of contracts pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 1207 of the National Defense Authorization Act for Fiscal Year 1987.

(2) Contracting opportunities for dredging shall be reserved for competition among emerging small business concerns if their estimated award value is below an amount to be specified by the Administrator for Federal Procurement Policy (hereafter in this section referred to as the "Administrator"), upon the recommendation of the Secretary. Such reserve amount shall be established by the Administrator at the start of the program at a level which can reasonably be expected to result in the Department attaining the applicable participation goal for emerging small business concerns. Such reserve threshold shall be reviewed by the Secretary and adjusted by the Administrator to the extent necessary on a semiannual basis beginning after the end of the second quarter of fiscal year 1989 on the basis of the aggregate of contract awards for the four fiscal year quarters preceding the date of the review.

(3) The Secretary shall restrict for competition among all eligible small business concerns such additional contracting opportunities

for dredging in such numbers and at such estimated award values as can reasonably be expected to result in the Department attaining the applicable participation goal for small business concerns generally.

(d) ACQUISITION STRATEGIES TO FOSTER SMALL BUSINESS PARTICIPATION.—(1) In attaining the goals for participation by small business concerns and emerging small business concerns, the Secretary is encouraged to:

(A) specify contract requirements and contractual terms and conditions that are conducive to competition by small business concerns and emerging small business concerns, consistent with the mission or program requirements of the Department;

(B) joint ventures, teaming agreements, and other similar arrangements, which permit small business concerns to effectively compete for contract opportunities for which an individual firm would lack the requisite capacity or capability needed to establish responsibility for the award of a contract; and

(C) subcontracting through plans negotiated and enforced pursuant to section 8(d) of the Small Business Act (15 U.S.C. 637(d)) or solicitation requirements specifying minimum percentages of subcontracting for the purpose of determining the responsiveness of an offer.

(2) During the term of the program, data shall be collected pertaining to the actual size of the firm receiving an award as a small business concern or an emerging small business concern.

(e) SIZE STANDARD.—For the purposes of the program established by subsection (a), the size standard pertaining to standard industrial classification code 1629 (Dredging and Surface Cleanup Activities) in effect on October 1, 1988 shall remain in effect until September 30, 1990.

(f) REPORTS.— 102 STAT. 3897

(1) The Secretary shall furnish a report to the Committees on Small Business of the Senate and House of Representatives, the Administrator of the Small Business Administration, and the Administrator for Federal Procurement Policy within 120 days after September 30, 1992.

(2) Interim reports shall be submitted annually within 90 days after the close of each of the fiscal years 1989, 1990, and 1991. The Secretary may include recommendations regarding adjustments to the Department's participation goals for small business concerns and emerging small business concerns and to the applicable size standard, if the Secretary determines that such goals cannot reasonably be attained from the pool of firms meeting the current size standard.

(3) The Secretary of Defense shall issue reports to the Congress on the operations of the program established pursuant to this section. Such reports shall detail the effects of the program on the mobilization base and on small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals. Interim reports shall be submitted every six months during the term of the program to the Committees on Armed Services and Small Business of the House of Representatives and the Senate.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Marine Mammal Protection Act Amendments of 1988.
16 USC 1361 note.

SECTION 1. That this Act may be cited as the "Marine Mammal Protection Act Amendments of 1988".

INTERIM COMMERCIAL FISHERY EXEMPTION

SEC. 2. (a) The Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.) is amended—

16 USC 1384 note.

(1) by redesignating section 114 as section 116; and

(2) by inserting immediately after section 113 the following new section:

Business and industry.
16 USC 1383a.

"INTERIM EXEMPTION FOR COMMERCIAL FISHERIES

"SEC. 114. (a)(1) During the period beginning on the date of enactment of this section and ending October 1, 1993, except as provided in paragraph (2), the provisions of this section, rather than sections 101, 103, and 104, shall govern the incidental taking of marine mammals in the course of commercial fishing operations by persons using vessels of the United States and vessels which have valid fishing permits issued by the Secretary in accordance with section 204(b) of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1824(b)). In any event it shall be the immediate goal that the incidental kill or serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate.

"(2) The provisions of this section other than subsection (e)(6)(A) shall not govern the incidental taking of marine mammals in the course of commercial yellowfin tuna fishing subject to section 104(h)(2) of this title.

"(b)(1) The Secretary shall, after consultation with the Marine Mammal Commission—

Federal Register, publication.

"(A) publish in the Federal Register, for public comment, not later than sixty days after the date of enactment of this section a proposed list of those fisheries, along with a statement of the marine mammals and the approximate number of vessels or persons involved in each such fishery, that have—

"(i) frequent incidental taking of marine mammals;

"(ii) occasional incidental taking of marine mammals; or

"(iii) a remote likelihood of or no known incidental taking of marine mammals;

"(B) publish in the Federal Register not later than one hundred and twenty days after the date of enactment of this section a final list of the fisheries and other information required by paragraph (A), together with a summary of the provisions of this section and information sufficient to advise vessel owners on how to obtain an exemption and otherwise comply with the requirements of this section; and

Federal Register, publication.

102 STAT. 4756

"(C) at least once each year thereafter, and at such other times as the Secretary considers appropriate, reexamine, based on information gathered from the program established under subsections (c), (d), (e), and (f), and other relevant sources and after notice and opportunity for public comment, the classification of fisheries and other determinations required under subparagraph (A) and publish in the Federal Register any necessary changes.

Federal Register, publication.

"(2)(A) An exemption shall be granted by the Secretary in accordance with this section for a vessel engaged in a fishery identified under paragraph (1)(A) (i) or (ii), upon receipt by the Secretary of a completed registration form providing the name of the vessel owner, the name and description of the vessel, the fisheries in which it will be engaged, and such other information as the Secretary considers necessary. A decal or other physical evidence that the exemption is current and valid shall be issued by the Secretary at the time an exemption is granted, and so long as the exemption remains current and valid, shall be reissued annually thereafter.

"(B) No exemption may be granted under this section to the owner of a vessel unless such vessel—

"(i) is a vessel of the United States; or

"(ii) has a valid fishing permit issued by the Secretary in accordance with section 204(b) of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1824(b)).

"(C) Notwithstanding any other provision of this title, exemptions granted under this section shall authorize the incidental taking of marine mammals, other than California sea otters, from any species or stock, including a population stock designated as depleted, but shall not authorize the intentional lethal taking of any Steller sea lion, any cetacean, or any marine mammals from a population stock designated as depleted.

"(3)(A) Beginning two hundred and forty days after the date of enactment of this section, each owner of a vessel engaged in any fishery identified under paragraph (1)(A) (i) or (ii) shall, in order to engage lawfully in that fishery—

"(i) have registered with the Secretary in order to obtain for each such vessel owned an exemption for the purpose of incidentally taking marine mammals in accordance with this section;

"(ii) ensure that a decal or such other physical evidence of a current and valid exemption as the Secretary may require is displayed on or is in the possession of the master of each such vessel; and

"(iii) report as required by subsection (c).

"(B) Any owner of a vessel receiving an exemption under this section for any fishery identified under paragraph (1)(A)(i) shall, as a condition of that exemption, take on board a natural resource observer if requested to do so by the Secretary.

"(C) An owner of a vessel engaged in a fishery identified under paragraph (1)(A) (i) or (ii) who—

"(i) fails to obtain from the Secretary an exemption under this section;

"(ii) fails to maintain a current and valid exemption; or

102 STAT. 4757

"(iii) fails to ensure that a decal or other physical evidence of such exemption issued by the Secretary is displayed on or is in possession of the master of the vessel,

and the master of any such vessel engaged in such fishery, shall be deemed to have violated this title, and shall be subject to the penalties of this title except in the case of unknowing violations before January 1, 1990.

"(D) If the owner of a vessel has obtained and maintains a current and valid exemption from the Secretary under this section and meets the requirements set forth in this section, the owner of such vessel, and the master and crew members of the vessel, shall not be subject to the penalties set forth in this title for the incidental taking of marine mammals while such vessel is engaged in a fishery to which the exemption applies.

"(E) Each owner of a vessel engaged in any fishery not identified in paragraph (1)(A) (i) or (ii), and the master and crew members of such a vessel, shall not be subject to the penalties set forth in this title for the incidental taking of marine mammals if such owner reports to the Secretary, in such form and manner as the Secretary may require, instances of lethal incidental taking in the course of that fishery.

"(4) The Secretary shall suspend or revoke an exemption granted under this section and shall not issue a decal or other physical evidence of the exemption for any vessel until the owner of such vessel complies with the reporting requirements under subsection (c) and such requirements to take on board a natural resource observer under paragraph (3)(B) as are applicable to such vessel.

"(5)(A) The Secretary shall develop, in consultation with the appropriate States, Regional Fishery Management Councils, and other interested parties, the means by which the granting and administration of exemptions under this section shall be integrated and coordinated, to the maximum extent practicable, with existing fishery licenses, registrations, and related programs.

Communications and telecommunications.

"(B) The Secretary shall utilize newspapers of general circulation, fishery trade associations, electronic media, and other means of advising commercial fishermen of the provisions of this section and the means by which they can comply with its requirements.

"(C) The Secretary is authorized to charge a fee for the granting of an exemption under this subsection. The level of fees charged under this subparagraph shall not exceed the administrative costs incurred in granting an exemption. Fees collected under this subparagraph shall be available to the Under Secretary of Commerce for Oceans and Atmosphere for expenses incurred in the granting and administration of exemptions under this section.

Reports.

"(c) The owner of each vessel holding an exemption granted under subsection (b) of this section shall regularly compile information which shall be used in a report to be submitted to the Secretary at the close of the fishing season or annually, as the Secretary may prescribe. Such report shall be submitted in such form as the Secretary may require and shall include the following:

"(1) the type of fishery engaged in by the owner's vessel;

"(2) the date and approximate time of any incidental taking of a marine mammal, together with the area in which the incidental taking occurred, the fishing gear used at the time of the incidental taking, and the species of fish involved; and

"(3) for each incidental taking, the number and species of marine mammals involved, whether the marine mammals were

102 STAT. 4758

deterred from gear or catch, incidentally injured, incidentally killed, or lethally removed to protect gear, catch, or human life. If there was no incidental taking of marine mammals during the reporting period, a report stating that fact shall be filed with the Secretary.

"(d)(1) The Secretary shall establish a program to enhance the quality of and verify information received from reports submitted by owners of vessels who have been granted an exemption under subsection (b) of this section. The program shall include, but not be limited to—

"(A) education efforts regarding the information that must be submitted;

"(B) interviews with fishermen; and

"(C) other such information gathering and verification activities that will enable the Secretary to determine reliably the nature, type, and extent of the incidental taking of marine mammals that occurs in a fishery.

Except to the extent authorized by the provisions of subsection (e), the program shall not include placement of observers aboard exempted vessels.

"(2) Information obtained under this subsection shall be subject to the confidentiality provisions of subsection (j). Classified information.

"(e)(1) For each fishery identified under subsection (b)(1)(A)(i) of this section, the Secretary shall, after consultation with the appropriate Regional Fishery Management Councils, other Federal and State agencies, and other interested parties, and subject to paragraph (6), place observers on board exempted vessels so as to monitor not less than 20 percent nor more than 35 percent of the fishing operations by vessels in the fishery to obtain statistically reliable information on the species and number of marine mammals incidentally taken in the fishery. If the Secretary determines that fewer than 20 percent of the fishing operations by vessels in the fishery will be monitored during the course of the fishing season, the Secretary shall implement the alternative observation program described in subsection (f) to the extent necessary to supplement the observer program described in this subsection.

"(2) When determining the distribution of observers among fisheries and between vessels in a particular fishery, the Secretary shall be guided by the following standards:

"(A) the requirement to obtain the best scientific information available;

"(B) the requirement that assignment of observers is fair and equitable among fisheries and among vessels in a fishery;

"(C) consistent with paragraph (1), the requirement that no individual person or vessel, or group of persons or vessels, be subject to excessive or overly burdensome observer coverage; and

"(D) where practicable, the need to minimize costs and avoid duplication.

"(3) If the Secretary finds that, for reasons beyond his or her control, the Secretary cannot assign observers to all the fisheries identified under subsection (b)(1)(A)(i) of this section at the level of observer coverage set forth in paragraph (1), the Secretary shall allocate available observers among such fisheries, consistent with paragraph (2), according to the following priority:

"(A) those fisheries that incidentally take marine mammals from any population stock designated as depleted; 102 STAT. 4759

"(B) those fisheries that incidentally take marine mammals from population stocks that the Secretary believes are declining;

"(C) those fisheries other than those described in subparagraphs (A) and (B) in which the greatest incidental take of marine mammals occur; and

"(D) any other fishery identified under subsection (b)(1)(A)(i).

The Secretary may, with the consent of the vessel owner, station an observer on board a vessel engaged in a fishery not identified under subsection (b)(1)(A)(i).

"(4) Information gathered by observers shall be subject to the provisions of subsection (j). Consistent with the requirements of paragraph (1), the Secretary shall, if requested by the Appropriate Regional Fishery Management Council, or in the case of a State fishery, the State, require observers to collect additional information, including but not limited to the quantities, species, and physical condition of target and non-target fishery resources and, if requested by the Secretary of the Interior, seabirds. Birds.

"(5) Notwithstanding the provisions of paragraph (4), the Secretary may decline to require observers to collect information described in such paragraph, if the Secretary finds in writing, following public notice and opportunity for comment, that such information will not contribute to the protection of marine mammals or the understanding of the marine ecosystem, including fishery resources and seabirds.

"(6) The Secretary shall not be required to place an observer on a vessel in a fishery if the Secretary finds that—

"(A) in a situation where harvesting vessels are delivering fish to a processing vessel and the catch is not taken on board the harvesting vessel, statistically reliable information can be obtained from an observer on board the processing vessel to which the fish are delivered;

"(B) the facilities of a vessel for the quartering of an observer, or for carrying out observer functions, are so inadequate or unsafe that the health or safety of the observer or the safe operation of the vessel would be jeopardized; or

"(C) for reasons beyond the control of the Secretary, an observer is not available.

"(7)(A) An observer on a vessel (or the observer's personal representative) under the requirements of this section or section 104 that is ill, disabled, injured, or killed from service as an observer on that vessel may not bring a civil action under any law of the United States for that illness, disability, injury, or death against the vessel or vessel owner, except that a civil action may be brought against the vessel owner for the owner's willful misconduct.

"(B) This paragraph does not apply if the observer is engaged by the owner, master, or individual in charge of a vessel to perform any duties in service to the vessel.

Appropriation authorization.

"(8) There are authorized to be appropriated to the Department of Commerce for the purposes of carrying out this subsection not to exceed $2,700,000 for fiscal year 1989 and not to exceed $8,000,000 for each of the fiscal years 1990, 1991, 1992, and 1993.

"(f)(1) The Secretary shall establish an alternative observation program to provide statistically reliable information on the species and number of marine mammals incidentally taken in those fisheries identified pursuant to subsection (b)(1)(A)(i) of this section for which the required level of observer coverage has not been met or for any other fisheries about which such reliable information is not otherwise available. The alternative program shall include, but not be limited to, direct observation of fishing activities from vessels, airplanes, or points on shore.

102 STAT. 4760

"(2) Individuals engaged in the alternative observation program shall collect scientific information on the fisheries subject to observation, consistent with the requirements of paragraph (1) and subsection (e) (4) and (5). All information collected shall be subject to the provisions of subsection (j).

"(g)(1) The Secretary shall review information regarding the incidental taking of marine mammals and evaluate the effects of such incidental taking on the affected population stocks of marine mammals.

Regulations.

"(2) If the Secretary finds, based on the information received from the programs established under subsections (c), (d), (e), and (f), that the incidental taking of marine mammals in a fishery is having an immediate and significant adverse impact on a marine mammal population stock or, in the case of Steller sea lions and North Pacific fur seals, that more than 1,350 and 50, respectively, will be incidentally killed during a calendar year, the Secretary shall consult with appropriate Regional Fishery Management Councils and State fishery managers and prescribe emergency regulations to prevent to the maximum extent practicable any further taking. Any emergency regulations prescribed under this paragraph—

"(A) shall, to the maximum extent practicable, avoid interfering with existing State or regional fishery management plans;

Federal Register, publication.

"(B) shall be published in the Federal Register together with the reasons therefor;

"(C) shall remain in effect for not more than one hundred and eighty days or until the end of the fishing season, whichever is earlier; and

"(D) may be terminated by the Secretary at an earlier date by publication in the Federal Register of a notice of termination if the Secretary determines the reasons for the emergency regulations no longer exist.

In prescribing emergency regulations under this paragraph, the Secretary shall take into account the economics of the fishery

concerned and the availability of existing technology to prevent or minimize incidental taking of marine mammals.

State and local governments.

"(3) If the Secretary finds, based on information received from the programs established under subsections (c), (d), (e), and (f), that incidental taking of marine mammals in a fishery is not having an immediate and significant adverse impact on a marine mammal population stock but that it will likely have a significant adverse impact over a period of time longer than one year, the Secretary shall request the appropriate Regional Fishery Management Council or State to initiate, recommend, or take such action within its authority as it considers necessary to mitigate the adverse impacts, including adjustments to requirements on fishing times or areas or the imposition of restrictions on the use of vessels or gear.

"(4) The Secretary shall impose appropriate conditions and restrictions on an exemption granted under subsection (b) if—

"(A) a Regional Fishery Management Council or State does not act in a reasonable period of time on a request made by the Secretary under paragraph (3); or

102 STAT. 4761

"(B) if the Secretary determines after notice and opportunity for public comment that the purposes of this section would be better served by such action.

"(h) The Secretary shall design and implement an information management system capable of processing and analyzing reports received from the programs established under subsections (c), (d), (e), and (f), and other relevant sources, including Federal and State enforcement authorities, marine mammal stranding networks, and the marine mammal researchers. STATUS REVIEW

SEC. 3. (a) The Marine Mammal Protection Act of 1972 (16 U.S.C. 1361 et seq.) is amended by inserting immediately after section 114, as added by section 2 of this Act, the following new section:

"STATUS REVIEW; CONSERVATION PLANS

"SEC. 115. (a)(1) In any action by the Secretary to determine if a species or stock should be designated as depleted, or should no longer be designated as depleted, regardless of whether such action is taken on the initiative of the Secretary or in response to a petition for a status review, the Secretary shall only make such a determination by issuance of a rule, after notice and opportunity for public comment and after a call for information in accordance with paragraph (2). 16 USC 1383b.

"(2) The Secretary shall make any determination described in paragraph (1) solely on the basis of the best scientific information available. Prior to the issuance of a proposed rule concerning any such determination, the Secretary shall publish in the Federal Register a call to assist the Secretary in obtaining scientific information from individuals and organizations concerned with the conservation of marine mammals, from persons in any industry which might be affected by the determination, and from academic institutions. In addition, the Secretary shall utilize, to the extent the Secretary determines to be feasible, informal working groups of interested parties and other methods to gather the necessary information. Federal Register, publication. 102 STAT. 4764

Federal Register, publication. Public information. Federal Register, publication.

"(3)(A) If the Secretary receives a petition for a status review as described in paragraph (1), the Secretary shall publish a notice in the Federal Register that such a petition has been received and is available for public review.

"(B) Within sixty days after receipt of the petition, the Secretary shall publish a finding in the Federal Register as to whether the petition presents substantial information indicating that the petitioned action may be warranted.

"(C) If the Secretary makes a positive finding under subparagraph (B), the Secretary shall include in the Federal Register notice, a finding that—

"(i) a review of the status of the species or stock will be commenced promptly; or

"(ii) a prompt review of the petition is precluded by other pending status determination petitions and that expeditious progress is being made to process pending status determination petitions under this title.

In no case after making a finding under this subparagraph shall the Secretary delay commencing a review of the status of a species or stock for more than one hundred and twenty days after receipt of the petition.

Federal Register, publication.

"(D) No later than two hundred and ten days after the receipt of the petition, the Secretary shall publish in the Federal Register a proposed rule as to the status of the species or stock, along with the reasons underlying the proposed status determination. Persons shall have at least sixty days to submit comments on such a proposed rule.

"(E) Not later than ninety days after the close of the comment period on a proposed rule issued under subparagraph (D), the Secretary shall issue a final rule on the status of the species or stock involved, along with the reasons for the status determination. If the Secretary finds with respect to such a proposed rule that there is substantial disagreement regarding the sufficiency or accuracy of the available information relevant to a status determination, the Secretary may delay the issuance of a final rule for a period of not more than six months for purposes of soliciting additional information.

"(F) Notwithstanding subparagraphs (D) and (E) of this paragraph and section 553 of title 5, United States Code, the Secretary may issue a final rule as to the status of a species or stock any time sixty or more days after a positive finding under subparagraph (B) if the Secretary determines there is substantial information available to warrant such final status determination and further delay would pose a significant risk to the well-being of any species or stock. Along with the final rule, the Secretary shall publish in the Federal Register detailed reasons for the expedited determination.

Federal Register, publication.

"(b)(1) The Secretary shall prepare conservation plans—

"(A) By December 31, 1989, for North Pacific fur seals;

"(B) by December 31, 1990, for Steller sea lions; and

"(C) as soon as possible, for any species or stock designated as depleted under this title, except that a conservation plan need not be prepared if the Secretary determines that it will not promote the conservation of the species or stock.

"(2) Each plan shall have the purpose of conserving and restoring the species or stock to its optimum sustainable population. The Secretary shall model such plans on recovery plans required under section 4(f) of the Endangered Species Act of 1973 (16 U.S.C. 1533(f)).

"(3) The Secretary shall act expeditiously to implement each conservation plan prepared under paragraph (1). Each year, the Secretary shall specify in the annual report prepared under section 103(f) of this title what measures have been taken to prepare and implement such plans.".

SEC. 4. (a) Section 101(a)(2) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1371(a)(2)) is amended—

(1) in subparagraph (A), by striking "and" at the end;

(2) in subparagraph (B)—

(A) in clause (ii), by striking the period at the end and inserting in lieu thereof a comma; and

(B) by adding at the end, flush with the margin, the following:

"except that the Secretary shall not find that the regulatory program, or the average rate of incidental taking by vessels, of a harvesting nation is comparable to that of the United States for purposes of clause (i) or (ii) of this paragraph unless—

"(I) the regulatory program of the harvesting nation includes, by no later than the beginning of the 1990 fishing season, such prohibitions against encircling pure schools of species of marine mammals, conducting sundown sets, and other activities as are made applicable to United States vessels;

"(II) the average rate of the incidental taking by vessels of the harvesting nation is no more than 2.0 times that of United States vessels during the same period by the end of the 1989 fishing season and no more than 1.25 times that of United States vessels during the same period by the end of the 1990 fishing season and thereafter;

"(III) the total number of eastern spinner dolphin (Stenella longirostris) incidentally taken by vessels of the harvesting nation during the 1989 and subsequent fishing seasons does not exceed 15 percent of the total number of all marine mammals incidentally taken by such vessels in such year and the total number of coastal spotted dolphin (Stenella attenuata) incidentally taken by such vessels in such seasons does not exceed 2 percent of the total number of all marine mammals incidentally taken by such vessels in such year;

"(IV) the rate of incidental taking of marine mammals by the vessels of the harvesting nation during the 1989 and subsequent fishing seasons is monitored by the porpoise mortality observer program of the Inter-American Tropical Tuna Commission or an equivalent international program in which the United States participates and is based upon observer coverage that is equal to that achieved for United States vessels during the same period, except that the Secretary may approve an alternative observer program if the Secretary determines, no less than sixty days after publication in the Federal Register of the Secretary's proposal and reasons therefor, that such an alternative observer program will provide sufficiently reliable documentary evidence of the average rate of incidental taking by a harvesting nation; and

"(V) the harvesting nation complies with all reasonable requests by the Secretary for cooperation in carrying out the scientific research program required by section 104(h)(3) of this title;"; and

(3) by adding at the end the following new subparagraphs:

"(C) shall require the government of any intermediary nation from which yellowfin tuna or tuna products will be exported to the United States to certify and provide reasonable proof that it has acted to prohibit the importation of such tuna and tuna products from any nation from which direct export to the United States of such tuna and tuna products is banned under

"(D) shall, six months after importation of yellowfin tuna or tuna products has been banned under this section, certify such fact to the President, which certification shall be deemed to be a certification for the purposes of section 8(a) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)) for as long as such ban is in effect.".

(b) Paragraph (2) of section 108(a) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1378(a)) is amended to read as follows:

"(A) negotiations as soon as possible with all foreign governments which are engaged in, or which have persons or companies engaged in, commercial fishing operations which are found by the Secretary to be unduly harmful to any species or population stock of marine mammal, for the purpose of entering into bilateral and multilateral treaties with such countries to protect marine mammals, with the Secretary of State to prepare a draft agenda relating to this matter for discussion at appropriate international meetings and forums; and

Conservation.

"(B) discussions with foreign governments whose vessels harvest yellowfin tuna with purse seines in the eastern tropical Pacific Ocean, for the purpose of concluding, through the Inter-American Tropical Tuna Commission or such other bilateral or multilateral institutions as may be appropriate, international arrangements for the conservation of marine mammals taken incidentally in the course of harvesting such tuna, which should include provisions for (i) cooperative research into alternative methods of locating and catching yellowfin tuna which do not involve the taking of marine mammals, (ii) cooperative research on the status of affected marine mammal population stocks, (iii) reliable monitoring of the number, rate, and species of marine mammals taken by vessels of harvesting nations, (iv) limitations on incidental take levels based upon the best scientific information available, and (v) the use of the best marine mammal safety techniques and equipment that are economically and technologically practicable to reduce the incidental kill and serious injury of marine mammals to insignificant levels approaching a zero mortality and serious injury rate;".

(c) Section 108 of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1378) is amended by adding at the end the following new subsection:

"(c) The Secretary shall include a description of the annual results of discussions initiated and conducted pursuant to subsection (a)(2)(B), as well as any proposals for further action to achieve the purposes of that subsection, in the report required under section 103(f) of this title.".

(d) Section 104(h)(2)(B) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1374(h)(2)(B)) is amended by adding at the end the following new clauses:

Regulations.

"(iv) The Secretary shall, by January 1, 1989, prescribe regulations to ensure that the backdown procedure during sets of the purse seine net on marine mammals is completed and rolling of the net to sack up has begun no later than thirty minutes after sundown. The Secretary may waive or otherwise modify such regulations for—

"(I) a designated certificate holder on an observed trip if the Secretary determines, based on observer reports, that such restriction is not necessary because the certificate holder has consistently utilized fishing techniques and equipment so as to result in an incidental marine mammal mortality rate during sundown sets that is no higher than the average such rate for the fleet during daylight sets; or

"(II) all certificate holders on observed trips if the Secretary determines that such restriction is not necessary because all certificate holders have developed and are utilizing fishing techniques and equipment that assure that the incidental marine mammal mortality rate during sundown sets will be no higher than such rate during daylight sets.

"(v) The Secretary may authorize, after public notice and opportunity for comment, designated certificate holders to conduct experimental fishing operations on observed trips, under such terms and conditions as the Secretary may prescribe, for the purpose of testing proposed improvements in fishing techniques and equipment that may reduce the incidental mortality of marine mammals in the course of commercial yellowfin tuna fishing operations, and the Secretary may waive such terms and conditions of the general permit and this section, other than the quotas on incidental taking of marine mammals and the prohibition against encircling pure schools of certain species of marine mammals, as the Secretary determines to be necessary and appropriate for the conduct of such experimental fishing.

"(vi) The Secretary, after public notice and opportunity for comment and consultation with the skippers' panel of experts established pursuant to the general permit, shall develop and implement by not later than the beginning of the 1990 fishing season a system of performance standards to maintain the diligence and proficiency of certificate holders in the use of the best marine mammal safety techniques and equipment that are 102 STAT. 4768 economically and technologically practicable. The system shall include such arrangements as are necessary for the identification of certificate holders whose incidental marine mammal mortality rate is consistently and substantially higher than the average rate of the fleet, and for the supplemental training and observation of such certificate holders, and provisions for suspension or revocation of certificates of inclusion of those certificate holders whose unacceptably high rate of incidental taking reflects a lack of diligence or proficiency in the use of the best marine mammal safety techniques and equipment.

"(vii) It shall be unlawful to use any explosive devices other than class C explosive pest control devices in the course of commercial yellowfin tuna fishing subject to the general permit. The Secretary shall prescribe regulations, effective April 1, 1990, to prohibit or restrict the use of class C explosive pest control devices in the course of commercial yellowfin tuna fishing unless the Secretary determines, based on a study which the Secretary shall undertake, that the use of such devices does not result in physical impairment or increased mortality of marine mammals.

Arms and munitions. Pests and pesticides. Regulations.

"(viii) During the 1989 and subsequent fishing seasons, each certificated vessel shall carry on every fishing trip subject to this subsection an official observer certified by the Secretary or by the Inter-American Tropical Tuna Commission for the purpose of conducting research and observing fishing operations unless, for reasons beyond the control of the Secretary, an observer is not available for such purpose. The Secretary may waive this requirement after the 1991 fishing season and establish a less extensive observer program if the Secretary, after notice and opportunity for comment, determines that such an alternative program will provide sufficiently reliable information.

"(ix) The Secretary shall annually convene meetings with representatives of conservation and environmental organizations, the commercial tuna fishing industry, and other interested persons for the purpose of discussing the results of efforts to reduce the incidental mortality and serious injury of marine mammals under this subsection as well as throughout the international fleet as a whole and developing plans for such efforts during the next year. (e) Section 110(a) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1380(a)) is amended—

"(2) For purposes of identifying appropriate research into promising new methods of locating and catching yellowfin tuna without the incidental taking of marine mammals, the Secretary shall contract for an independent review of information pertaining to such potential alternative methods to be conducted by the National Academy of Sciences with individuals having scientific, technical, or other expertise that may be relevant to the identification of promising alternative fishing techniques. The Secretary shall request that the independent review be submitted to the Secretary on or before September 8, 1989, and the Secretary shall submit the report of the independent review, together with a proposed plan for research, development, and implementation of alternative fishing techniques, to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Merchant Marine and Fisheries of the House of Representatives on or before December 5, 1989.".

"(C) the nonlethal removal of nuisance animals.

Imports.

"(2) Nothing in this title shall prevent the Secretary or a person designated under section 112(c) from importing a marine mammal into the United States if such importation is necessary to render medical treatment that is not otherwise available.

"(3) In any case in which it is feasible to return to its natural habitat a marine mammal taken or imported under circumstances described in this subsection, steps to achieve that result shall be taken.".

(b) Section 102(b) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1372(b)) is amended by adding at the end the following new sentence, flush with the margin:

(2) by inserting "(1)" immediately after "(c)"; and

(3) by adding at the end the following new paragraphs: 102 STAT. 4770

"(2) A permit may be issued for public display purposes only to an applicant which offers a program for education or conservation purposes that, based on professionally recognized standards of the public display community, is acceptable to the Secretary and which submits with the permit application information indicating that the applicant's facilities are open to the public on a regularly scheduled basis and that access to the facilities is not limited or restricted other than by the charging of an admission fee.

"(3) A permit may be issued for scientific research purposes only to an applicant which submits with its permit application information indicating that the taking is required to further a bona fide scientific purpose and does not involve unnecessary duplication of research. No permit issued for purposes of scientific research shall authorize the killing of a marine mammal unless the applicant demonstrates that a nonlethal method for carrying out the research is not feasible. The Secretary shall not issue a permit for research which involves the lethal taking of a marine mammal from a species or stock designated as depleted, unless the Secretary determines that the results of such research will directly benefit that species or stock, or that such research fulfills a critically important research need.

"(4)(A) A permit may be issued for enhancing the survival or recovery of a species or stock only with respect to a species or stock for which the Secretary, after consultation with the Marine Mammal Commission and after notice and opportunity for public comment, has first determined that—

"(i) taking or importation is likely to contribute significantly to maintaining or increasing distribution or numbers necessary to ensure the survival or recovery of the species or stock; and

"(ii) taking or importation is consistent (I) with any conservation plan adopted by the Secretary under section 115(b) of this title or any recovery plan developed under section 4(f) of the Endangered Species Act of 1973 for the species or stock, or (II) if there is no conservation or recovery plan in place, with the Secretary's evaluation of the actions required to enhance the survival or recovery of the species or stock in light of the factors that would be addressed in a conservation plan or a recovery plan.

"(B) A permit issued in accordance with this paragraph may allow the captive maintenance of a marine mammal from a depleted species or stock only if the Secretary—

"(i) determines that captive maintenance is likely to contribute to the survival or recovery of the species or stock by maintaining a viable gene pool, increasing productivity, providing biological information, or establishing animal reserves;

"(ii) determines that the expected benefit to the affected species or stock outweighs the expected benefit of alternatives which do not require removal of animals from the wild; and

"(iii) requires that the marine mammal or its progeny be returned to the natural habitat of the species or stock as soon as feasible, consistent with the objectives of any applicable conservation plan or recovery plan, or of any evaluation by the Secretary under subparagraph (A).

The Secretary may allow the public display of such a marine mammal only if the Secretary determines that such display is incidental to the authorized maintenance and will not interfere with the attainment of the survival or recovery objectives.". 102 STAT. 4771

(e)(1) Section 101(a)(3)(B) of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1371(a)(3)(B)) is amended by inserting, immediately

SEC. 732. LINKAGE OF NATIONAL MILITARY STRATEGY AND WEAPON ACQUISITION PROGRAMS

(a) FINDINGS.—Congress makes the following findings:

(1) The Final Report to the President by the President's Blue Ribbon Commission on Defense Management (the "Packard Commission"), the Defense Acquisition Study of the Center for Strategic and International Studies, and the Report of the Commission on Integrated Long-Term Strategy (referred to as "Discriminate Deterrence") have separately identified significant deficiencies in the integration of weapon acquisition programs of the Department of Defense with national military strategy.

(2) There is no established process involving the Office of the Secretary of Defense and the Joint Staff in which strategy, policy, operational concepts, and resource constraints are fully debated, coordinated, and translated into weapon acquisition programs. The dominant role of setting requirements for new weapon systems remains with the headquarters staffs of the military departments, and the requirements developed by those departments often do not appear to have been rigorously evalu-

ated in terms of their overall contribution to national military strategy.

(3) The requirements and planning process of the Department of Defense is not constrained by realistic projections of future defense budgets. Consequently, the process is fiscally unrealistic and, therefore, largely ignored in the subsequent planning and budgeting process. This process often results in disparate plans that do not optimize the potential contribution of the acquisition programs of each military department to the objectives of national military strategy.

(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that—

(1) to ensure that the United States develops and acquires the proper mix of weapon systems to support national military strategy most effectively and efficiently, the Office of the Secretary of Defense and the Joint Staff should better define the links between national military strategy and specific acquisition programs;

(2) the Office of the Secretary of Defense, the Joint Staff, and the headquarters of the unified and specified combatant commands should more clearly define the necessary operational capabilities and concepts of operations as part of the requirements process and should explicitly consider alternative acquisition programs based on probable levels of resources likely to be approved by Congress and trade-offs among the acquisition programs of the military departments;

(3) the Secretary of Defense should ensure that resulting acquisition programs clearly reflect the objectives of national military strategy; and

(4) the Secretary of Defense should commission an independent study to assess the degree to which the development and acquisition of weapon systems is currently linked to and determined by the national military strategy and to recommend improvements where necessary or desirable.

SEC. 733. REPORT ON FUNDING FOR THE AMMUNITION PRODUCTION BASE

(a) SENSE OF CONGRESS.—It is the sense of Congress—

(1) that the maintenance of the inactive portion of the Government-owned ammunition production base is critical to the defense of the United States; and

(2) that sufficient funding should be provided to maintain this base to meet surge requirements and mobilization requirements of the military departments.

(b) STUDY OF ALTERNATIVES.—The Secretary of Defense shall study alternatives to the current method of providing funds for maintenance of the ammunition production base in order to determine if there are methods other than the current one which would better ensure that appropriate levels of funds are used for the maintenance of that production base.

(c) REPORT.—The Secretary shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on the alternative methods considered by the Secretary under subsection (b) for providing funds for the ammunition production base. The Secretary shall include in the report such comments and recommendations with respect to such methods, including recommendations for legislation, as the Secretary considers appropriate. The report shall be submitted not later than December 1, 1988.

SEC. 734. SENSE OF CONGRESS CONCERNING DECLASSIFICATION OF CLASSIFIED INFORMATION

It is the sense of Congress that the Secretary of Defense should take all reasonable measures to declassify classified material under the control of the Department of Defense that the Secretary deter-

mines to be no longer required in the interest of national security to be protected from unauthorized disclosure.

SEC. 735. ADVANCE PAYMENTS OF ADMINISTRATIVE CLAIMS

(a) INCREASE IN MAXIMUM PAYMENT.—Subsection (a) of section 2736 of title 10, United States Code, is amended to read as follows:

"(a)(1) In the case of a person who is injured or killed, or whose property is damaged or lost, under circumstances for which the Secretary of a military department is authorized by law to allow a claim, the Secretary of the military department concerned may make a payment to or for the person, or the legal representatives of the person, in advance of the submission of such a claim or, if such a claim is submitted, in advance of the final settlement of the claim. The amount of such a payment may not exceed $100,000.

102 STAT. 2006

"(2) Payments under this subsection are limited to payments which would otherwise be payable under section 2733 or 2734 of this title or section 715 of title 32.

"(3) The Secretary of a military department may delegate the authority to make payments under this subsection to the Judge Advocate General of an armed force under the jurisdiction of the Secretary. The Secretary may delegate such authority to any other officer or employee under the jurisdiction of the Secretary, but only with respect to the payment of amounts of $25,000 or less.

Regulations.

"(4) Payments under this subsection shall be made under regulations prescribed by the Secretary of the military department concerned.".

10 USC 2736 note.

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply to any claim which would otherwise be payable under section 2733 or 2734 of title 10, United States Code, or under section 715 of title 32, United States Code, and which has not been finally settled on or before the date of the enactment of this Act.

Contracts. 42 USC 8287 note.

SEC. 736. ENERGY EFFICIENCY INCENTIVE

(a) ENERGY CONSERVATION INCENTIVE.—In order to provide additional incentive for the Secretary of a military department to enter into contracts under title VIII of the National Energy Conservation Policy Act (42 U.S.C. 8287 et seq.), the Secretary may use the first-year energy cost savings (as defined in subsection (d)) realized under any such contract in the manner provided in subsection (b). The amount of savings available for use under subsection (b) shall be determined as provided in subsection (c) and shall remain available for obligation until expended.

(b) AUTHORIZED USES OF SAVINGS.—First-year energy cost savings may be used as follows:

(1) One-half of the amount of such savings may be used for the acquisition of energy conserving measures at a military installation in addition to any such energy conserving measures provided for that installation under a contract entered into under title VIII of the National Conservation Energy Policy Act.

(2) One-half of the amount of such savings may be used for any morale, welfare, or recreation facility or service that is normally provided with appropriated funds, or for any minor military construction project (as defined in section 2805(a) of title 10, United States Code), that will enhance the quality of life of members of the Armed Forces at the military installation at which the energy cost savings were realized.

(c) DETERMINATION OF AMOUNT OF SAVINGS.—Not more than 90 days after the end of the first year during which energy savings measures have been in operation under a contract entered into by the Secretary of a military department under title VIII of the National Energy Conservation Policy Act, the Secretary of the military department concerned shall determine the amount of first-year energy cost savings realized under the terms of the contract during that year by the military department concerned by reason of the energy savings measures acquired and installed at that installation pursuant to that contract.

(d) DEFINITION.—For purposes of this section, the term "first-year energy cost savings" means the savings realized by the United States during the first year of a contract entered into by the Secretary of a military department under title VIII of the National Energy Conservation Policy Act. 102 STAT. 2007

(a) ESTABLISHMENT OF CRITERIA.—Within 120 days after the date of the enactment of this Act, the Secretary of Defense shall establish criteria to ensure that proposals for contracts for professional and technical services are evaluated on a basis which does not encourage contractors to propose mandatory uncompensated overtime for professional and technical employees. "(i) the original supplier of such item will be unable to satisfy program schedule or delivery requirements; or

"(ii) proposals by the original supplier of such item to meet the mobilization requirements are insufficient to meet the agency's mobilization needs.

"(B) In considering offers in response to a solicitation requiring proposals described in paragraph (1)(B) or (2)(B), the head of an agency shall base any evaluation of items developed exclusively at private expense on an analysis of the total value, in terms of innovative design, life-cycle costs, and other pertinent factors, of incorporating such items in the system.".

(B) the use of a fixed-price contract permits an equitable and sensible allocation of program risk between the United States and the contractor.

(2)(A) The regulations also shall provide that if a contract for development of a major system is to be awarded in an amount greater than $10,000,000, the contract may not be a firm fixed-price contract.

(4) A description of the results of the studies undertaken by the Under Secretary in conjunction with the Inspector General of the Department of Defense and the Comptroller of the Department of Defense regarding the responsibilities of the Under Secretary under section 133(d) of title 10, United States Code, to prescribe policies for the prevention of duplicative

audit and oversight of contractor activities by different elements of the Department of Defense.

(5) A discussion of the feasibility and desirability of each of the following:

PART B—DEFENSE INDUSTRIAL BASE

SEC. 821. MAINTENANCE AND IMPROVEMENT OF THE DEFENSE INDUSTRIAL BASE

10 USC 2501 note.

(a) FINDINGS.—Congress finds the following:

(1) A strong defense industrial base in the United States is essential to the national security and significantly enhances the capability of United States manufacturers and producers—

(A) to develop technologically superior defense material rapidly and to produce such material efficiently in cost-effective quantities during peacetime; and

(B) to expand productive capacity rapidly to meet the demands of a national emergency.

(2) A strong and responsive defense industrial base is a basic deterrent to aggression and, thus, helps to preserve peace.

(3) Studies conducted over a 10-year period by Congress, the General Accounting Office, the Department of Defense, and others have consistently shown a steady, unchecked erosion of the defense industrial base in the United States.

(4) Despite the uniformly adverse findings contained in the reports on such studies, the United States still lacks a coherent industrial base policy that is directly linked to national security strategy.

(5) Reliable methods for assessing the weaknesses and strengths of the defense industrial base have not been utilized.

(6) The development and implementation of an effective program for the restoration and maintenance of the defense industrial base is unlikely to occur without improved centralized policy direction and management.

(7) Existing programs and authorities designed to restore and maintain the defense industrial base have received inconsistent and, frequently, inadequate allocations of resources and management attention from the military departments and the Defense Agencies because the Office of the Secretary of Defense has not exercised strong leadership in defense industrial base management. 102 STAT. 2014

(8) Procurement policies, regulations, and practices of the Department of Defense do not sufficiently encourage—

(A) investment in advanced manufacturing technology and modernization of manufacturing facilities and equipment;

(B) the entry of efficient commercial producers into the defense procurement market; and

(C) continued participation of efficient producers in defense procurement competitions.

(b) AMENDMENTS TO TITLE 10.—(1) Chapter 148 of title 10, United States Code, is amended—

(A) by redesignating sections 2501 and 2502 as sections 2506 and 2507, respectively; and

(B) by striking out the chapter heading and the table of sections and inserting in lieu thereof the following:

"CHAPTER 148—DEFENSE INDUSTRIAL BASE

"Sec.
"2501. Centralized guidance, analysis, and planning.
"2502. Policies relating to defense industrial base.
"2503. Defense industrial base office.
"2504. Defense memoranda of understanding.
"2505. Offset policy; notification.
"2506. Limitation on use of funds: procurement of goods which are other than American goods.
"2507. Miscellaneous procurement limitations.

"§ 2501. Centralized guidance, analysis, and planning

"The Secretary of Defense, acting through the Under Secretary of Defense for Acquisition, shall—

"(1) provide overall policy guidance and direction to the military departments and the Defense Agencies on matters relating to the maintenance, expansion, and readiness of the defense industrial base of the United States;

"(2) analyze the capabilities of the defense industrial base of the United States to fulfill the requirements of national defense strategy in time of peace and the expanded requirements of national defense strategy in time of war or national emergency;

"(3) develop clear standards for assessing military mobilization requirements and the manner in which those requirements will be met;

"(4) develop and direct the implementation of plans, programs, and policies that promote the ability of the defense industrial base of the United States to fulfill the requirements of the Department of Defense; and

"(5) identify and plan for the procurement of items of supply that—

"(A) are suitable substitutes for military standard items of supply, or suitable substitutes for subsystems or components of military standard items of supply, that are anticipated to be unavailable from existing sources in quantities that are sufficient to meet planned requirements in time of war or national emergency; and 102 STAT. 2015

"(B) are commercially available from domestic sources.

"§ 2502. Policies relating to defense industrial base

"(a) ACQUISITION POLICIES.—The Secretary of Defense, acting through the Under Secretary of Defense for Acquisition, shall establish and implement policies requiring—

"(1) for each major defense acquisition program, an analysis of the capabilities of the defense industrial base to develop, produce, maintain, and support such program;

"(2) the consideration of requirements for efficient manufacture during the design and production of the systems to be procured under the major defense acquisition program;

"(3) the use of advanced manufacturing technology, processes, and systems during the research and development and production phases of the acquisition of a weapon system under a major defense acquisition program;

"(4) to the maximum extent practicable for each major defense acquisition program, the development of an acquisition plan that provides for contract solicitations which encourage competing offerors to acquire, for use in the performance of the contract, modern technology, production equipment, and production systems (including hardware and software) that increase the productivity of the offerors and reduce life-cycle costs;

"(5) the encouragement of domestic source investment in advanced manufacturing technology production equipment and processes through—

"(A) recognition of the contractor's investment in advanced manufacturing technology production equipment and processes in the development of the contract objective; and

"(B) increased emphasis in source selections to the efficiency of production;

"(6) the expanded use of commercial manufacturing processes rather than processes specified by the Department of Defense;

"(7) elimination of barriers to, and facilitation of, the integrated manufacture of commercial items and items being produced under defense contracts; and

SEC. 825. DEPARTMENT OF DEFENSE OFFSET POLICY

(a) FINDINGS.—Congress makes the following findings: 10 USC 2505 note.

(1) Many contracts entered into by United States firms for the supply of weapon systems or defense-related items to foreign countries and foreign firms are subject to contractual arrangements under which United States firms must agree—

(A) to have a specified percentage of work under, or monetary amount of, the contract performed by one or more foreign firms;

(B) to purchase a specified amount or quantity of unrelated goods or services from domestic sources of such foreign countries; or

(C) to invest a specified amount in domestic businesses of such foreign countries.

Such contractual arrangements, known as "offsets", are a component of international trade and could have an impact on United States defense industry opportunities in domestic and foreign markets.

(2) Some United States contractors and subcontractors may be adversely affected by such contractual arrangements.

(3) Many contracts which provide for or are subject to offset arrangements require, in connection with such arrangements, the transfer of United States technology to foreign firms.

(4) The use of such transferred technology by foreign firms in conjunction with foreign trade practices permitted under the trade policies of the countries of such firms can give foreign firms a competitive advantage against United States firms in world markets for products using such technology.

(5) A purchase of defense equipment pursuant to an offset arrangement may increase the cost of the defense equipment to the purchasing country and may reduce the amount of defense equipment that a country may purchase.

102 STAT. 2020

(6) The exporting of defense equipment produced in the United States is important to maintain the defense industrial base of the United States, lower the unit cost of such equipment to the Department of Defense, and encourage the standardized utilization of United States equipment by the allies of the United States.

(b) AMENDMENT TO TITLE 10.—Chapter 148 of title 10, United States Code, as amended by sections 821 and 824, is further amended by inserting after section 2504 the following new section:

President of U.S.

"§ 2505. Offset policy; notification

"(a) ESTABLISHMENT OF OFFSET POLICY.—The President shall establish, consistent with the requirements of this section, a comprehensive policy with respect to contractual offset arrangements in connection with the purchase of defense equipment or supplies which addresses the following:

"(1) Transfer of technology in connection with offset arrangements.

"(2) Application of offset arrangements, including cases in which United States funds are used to finance the purchase by a foreign government.

"(3) Effects of offset arrangements on specific subsectors of the industrial base of the United States and for preventing or ameliorating any serious adverse effects on such subsectors.

"(b) TECHNOLOGY TRANSFER.—(1) No official of the United States may enter into a memorandum of understanding or other agreement with a foreign government that would require the transfer of United States defense technology to a foreign country or a foreign firm in connection with a contract that is subject to an offset arrangement if the implementation of such memorandum or agreement would significantly and adversely affect the defense industrial base of the United States and would result in a substantial financial loss to a United States firm.

"(2) Paragraph (1) shall not apply in the case of a memorandum of understanding or agreement described in paragraph (1) if the Secretary of Defense, in consultation with the Secretary of Commerce and the Secretary of State, determines that a transfer of United States defense technology pursuant to such understanding or agreement will result in strengthening the national security of the United States and so certifies to Congress.

"(3) If a United States firm is required under the terms of a memorandum of understanding, or other agreement entered into by the United States with a foreign country, to transfer defense technology to a foreign country, the United States firm may protest the determination to the Secretary of Defense on the grounds that the

transfer of such technology would adversely affect the defense industrial base of the United States and would result in substantial financial loss to the protesting firm. The Secretary of Defense, in consultation with the Secretary of Commerce and the Secretary of State, shall make the final determination of the validity of the protesting firm's claim. Claims.

"(c) NOTIFICATION REGARDING OFFSETS.—If at any time a United States firm enters into a contract for the sale of a weapon system or defense-related item to a foreign country or foreign firm and such contract is subject to an offset arrangement exceeding $50,000,000 in value, such firm shall notify the Secretary of Defense of the proposed sale. Notification shall be made under this subsection in accordance with regulations prescribed by the Secretary of Defense in consultation with the Secretary of Commerce. Regulations.

102 STAT. 2021

"(d) DEFINITIONS.—In this section:

"(1) The term 'United States firm' means a business entity that performs substantially all of its manufacturing, production, and research and development activities in the United States.

"(2) The term 'foreign firm' means a business entity other than a United States firm.".

(c) NEGOTIATIONS.—(1) The President shall enter into negotiations with foreign countries that have a policy of requiring an offset arrangement in connection with the purchase of defense equipment or supplies from the United States. The negotiations should be conducted with a view to achieving an agreement with the countries concerned that would limit the adverse effects that such arrangements have on the defense industrial base of each such country. 10 USC 2505 note.

(2) Every effort shall be made to achieve such agreements within two years after the date of the enactment of this Act.

(d) REPORTS.—(1) Not later than November 15, 1988, the President shall submit to Congress a comprehensive report on contractual offset arrangements required of United States firms for the supply of weapon systems or defense-related items to foreign countries or foreign firms. Such report shall include, at a minimum, the following:

(A) An analysis of the amount and type of contractual offsets required of United States firms by the governments of foreign countries or by foreign firms.

(B) An assessment of the benefits for and costs to United States manufacturers of defense products at all tiers that result from requirements of foreign governments for contractual offset arrangements in the case of products procured from United States firms.

(C) An assessment of the benefits for and the costs to United States manufacturers of defense products at all tiers that would result from restriction of the ability of foreign governments or foreign firms to require contractual offsets in the case of defense products procured from United States firms.

(D) An assessment of the benefits and costs of a United States policy that requires reciprocal offsets in the procurement of defense products from those countries whose governments have a policy of requiring contractual offsets in the case of defense products procured from United States firms.

(E) An assessment of the impact that elimination of contractual offset requirements in international sales of defense products would have on the national security of the United States.

(F) Recommendations for a national policy with respect to contractual offset arrangements.

(G) A preliminary discussion of the actions referred to in paragraph (2).

(2) Not later than March 15, 1990, the President shall transmit to Congress a report containing a discussion of appropriate actions to be taken by the United States with respect to purchases from United States firms by a foreign country (or a firm of that country)

when that country or firm requires an offset arrangement in connection with the purchase of defense equipment or supplies in favor of such country. The report shall include a discussion of the following
102 STAT. 2022 possible actions:

(A) A requirement for an offset in favor of the United States or United States firms in any case in which the Department of Defense or any other department or agency of the United States purchases goods from such foreign country or a firm of such country.

(B) A demand for offset credits from such foreign country to be used, to the extent practicable, to meet offset obligations of United States firms to such foreign country or to a firm of such country.

(C) A reduction in assistance furnished such foreign country by the United States.

(D) A requirement for alternative equivalent advantages in the case of any such foreign country or a firm of such country if the United States does not purchase a sufficient volume of goods from such country or firm for a requirement described in subparagraph (A) to be effective.

(3) The President shall report to Congress at least once each year, for a period of 4 years, on the progress of the negotiations referred to in subsection (c). The first such report shall be submitted not later than one year after the date of the enactment of this Act.

TITLE IX—MATTERS RELATING TO ARMS CONTROL

SEC. 901. SENSE OF CONGRESS ON EXPANDING CONFIDENCE-BUILDING MEASURES

(a) FINDINGS.—Congress makes the following findings:

(1) Approximately two years have passed since the Conference on Confidence- and Security-Building Measures and Disarmament in Europe (CDE) adjourned in Stockholm following the adoption of measures designed to increase openness and predictability of military activities in Europe. 102 STAT. 2031

(2) To date, there have been seven formal observations and challenge inspections which have been conducted in accordance with the Stockholm agreements.

(3) The military leaders of the North Atlantic Treaty Organization have concluded that the Stockholm observations and inspections have positively contributed to an improved understanding of Warsaw Pact forces and capabilities.

(4) The Conventional Stability Talks (CST), which may begin before the end of 1988, will likely require careful and potentially prolonged negotiation.

(5) New negotiations will also begin under the auspices of the Conference on Security and Cooperation in Europe (CSCE) as a follow-on to the Stockholm conference.

(6) The confidence-building measures established at Stockholm could, if expanded, contribute significantly to the success of the CDE follow-on conference and also to the establishment of a procedural framework for verifying a future CST agreement.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the President should give high priority to developing, in coordination with the North Atlantic Treaty Organization allies of the United States, stabilizing and verifiable proposals for expanding the regime of confidence-building measures in conjunction with the follow-on to the Conference on Confidence- and Security-Building Measures and Disarmament in Europe (CDE) and the new Conventional Stability Talks (CST).

SEC. 902. SENSE OF CONGRESS ON START TALKS

It is the sense of Congress that any agreement negotiated by the President to achieve a reduction and limitation on strategic arms (through the strategic arms reduction talks in Geneva or otherwise)—

(1) should not prevent the United States from deploying a force structure under the agreement which emphasizes survivable strategic systems and, in particular, should not in any way compromise the security of the United States ballistic-missile carrying submarine force, and

(2) should not prohibit or limit the deployment of non-nuclear cruise missiles.

SEC. 903. SENSE OF CONGRESS CONCERNING ROLE OF CONGRESS IN ARMS CONTROL AND DEFENSE POLICIES

It is the sense of Congress—

(1) that Congress, in exercising its authority under the Constitution "to raise and support Armies" and "provide and maintain Navies" and, in the case of the Senate, to advise and consent to the ratification of treaties, has a role to play in formulating arms control and defense policies of the United States, but

(2) that Congress, in exercising that authority, should not usurp, undermine, or interfere with the authority of the President under the Constitution to negotiate and implement treaties, especially in the case of treaties which affect arms control and defense policies of the United States.

SEC. 904. SENSE OF CONGRESS ON THE FIVE-YEAR ABM TREATY REVIEW

102 STAT. 2032

(a) FINDINGS.—Congress makes the following findings:

(1) The Treaty Between the United States of America and the Union of Soviet Socialist Republics on the Limitation of Anti-Ballistic Missile Systems, With Associated Protocol (hereinafter in this section referred to as the "ABM Treaty" or the "Treaty") in Article XIV, Paragraph 2, reads as follows: "Five years after entry into force of this Treaty, and at five-year intervals thereafter, the Parties shall together conduct a review of this Treaty.".

(2) Such Treaty entered into force on October 3, 1972, and the third five-year anniversary date specified for the conduct of the review contemplated in the Treaty, therefore, was October 3, 1987.

(3) As a fundamental principle of the canons of legal construction, a specified number of years after a specific and determinable date means the specified anniversary of such date and therefore the third five-year review of the ABM Treaty should have begun on or about October 3, 1987.

(4) The Parties to the Treaty have not met as required by the Treaty because the United States refused to meet on the date specified in the Treaty for such meeting (October 3, 1987) and has refused since such date to propose a date for the meeting.

(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that the President should, without any further delay, propose an early date to conduct the overdue five-year review of the ABM Treaty. The President shall inform Congress of the results of that review immediately after it takes place. President of U.S.

SEC. 905. REVISION OF ANNUAL REPORT ON SOVIET COMPLIANCE WITH ARMS CONTROL COMMITMENTS President of U.S.

(a) AMENDMENT TO PUBLIC LAW 99-145.—The text of section 1002 of the Department of Defense Authorization Act, 1986 (22 U.S.C. 2592a), is amended to read as follows:

"(3) A net assessment of the aggregate military significance of all such violations.

"(4) A statement of the compliance policy of the United States with respect to violations by the Soviet Union of those agreements.

"(5) What actions, if any, the President has taken or proposes to take to bring the Soviet Union into compliance with its commitments under those agreements.

"(c) CONTINGENT ADDITIONAL INFORMATION.—If the President in any second consecutive report submitted to Congress under this section reports that the Soviet Union is not in full compliance with all arms control agreements between the United States and the Soviet Union, the President shall include in such report an assessment of what actions are necessary to compensate for such violations. 102 STAT. 2033

"(d) CLASSIFICATION OF REPORTS.—Each report under this section shall be submitted in both classified and unclassified versions.".

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall take effect beginning with the report to be submitted under section 1002 of the Department of Defense Authorization Act, 1986, in 1990. 22 USC 2592a note.

SEC. 906. ANNUAL REPORT ON ARMS CONTROL STRATEGY President of U.S. 22 USC 2592b.

(1) A description of the nature and sequence of the future arms control efforts of the United States.

(3) A comprehensive data base on the military balance of forces of the United States and the Soviet Union, and the balance of forces of NATO and the Warsaw Pact countries, that

are affected by arms control agreements in existence as of the time of the report between the United States and the Soviet Union and between NATO and the Warsaw Pact, including an explanation of the methodology used to analyze the effects on such forces.

(4) A net assessment of the effect that proposed arms control agreements between the United States and the Soviet Union and between NATO and the Warsaw Pact would likely have on United States force plans and contingency plans, including an assessment of the effect that such proposed agreements would have on the risks and costs to the United States.

(5) An assessment of the effect that proposed treaty subceilings, asymmetries, and other factors or qualifications affecting a treaty or arms control proposal would have on the military balance between the United States and the Soviet Union and between NATO and the Warsaw Pact, including an assessment of how such factors increase deterrence and reduce the risk and cost of war.

(6) A statement of the strategy the United States and NATO will use to verify and deter noncompliance with proposed arms control treaties between the United States and the Soviet Union and between NATO and the Warsaw Pact.

(7) A discussion of the extent to which and the manner in which the United States intends to consult with its allies regarding proposed arms control agreements between the United States and the Soviet Union and between NATO and the Warsaw Pact.

(8) A discussion of how the United States proposes to tailor its defense structure in order to ensure that the national security can be preserved with or without arms control agreements.

102 STAT. 2034

(b) EXPLANATION OF METHODOLOGY.—In reporting on the current effect of arms control agreements on the status of, and trends in, the military balance of power between the United States and the Soviet Union and between NATO and the Warsaw Pact (required under paragraphs (2) and (3) of subsection (a)), the President shall—

(1) specify the methodology used in analyzing the military balance between the United States and the Soviet Union and express the results of such analyses in terms of (A) static comparisons, and (B) comparisons that include dynamic factors; and

(2) discuss all major scenarios, assumptions, and contingencies, including political confrontation, full-scale war, and serious confrontations not involving full-scale war.

(c) FORM OF REPORT.—The President shall submit such report in both classified and unclassified form.

President of U.S.

SEC. 907. REPORT ON ANTIBALLISTIC MISSILE CAPABILITIES AND ACTIVITIES OF THE SOVIET UNION

(1) The military capabilities and significance of the extensive network of large-phased array radars of the Soviet Union.

(2) Whether the Soviet Union is developing or producing mobile or transportable engagement radars in violation of the 1972 Antiballistic Missile Treaty.

(3) The ability of the Soviet Union to develop an effective exoatmospheric antiballistic missile defense without using widespread deployments of traditional engagement radars.

(4) The ability of air defense interceptor missiles of the Soviet Union, now and in the future, to destroy warheads of ballistic missiles in flight.

(5) Whether silos or other hardened facilities of the Soviet Union located outside of the existing antiballistic missile site permitted near Moscow under the terms of the 1972 Antiballis-

tic Missile Treaty are or could be associated with antiballistic missile defenses not permitted under that Treaty.

(6) Whether the Soviet Union is developing terminal antiballistic missile defenses.

(7) Whether the existing antiballistic missile site near Moscow that is permitted under the terms of that Treaty conceals or could conceal development, testing, or deployment by the Soviet Union of a widespread antiballistic missile system.

(8) Activities of the Soviet Union regarding boost-phase intercepts of ballistic missiles.

(9) The status of laser programs, particle-beam programs, and other advanced technology programs of the Soviet Union comparable to programs conducted by the United States under the Strategic Defense Initiative.

(b) ASSESSMENT OF ABILITY OF UNITED STATES TO COUNTER A SOVIET ABM SYSTEM.—In conducting the study required by subsection (a), the President shall also assess the ability of the United States to counter effectively an effective antiballistic missile system deployed by the Soviet Union. Such assessment shall consider both the deployment by the Soviet Union of a nationwide, and of a limited, antiballistic missile system. In assessing the ability of the United States to counter effectively such a system, the President— 102 STAT. 2035

(1) shall consider the ability of the United States to modify (A) existing strategic offensive forces (including modifications involving the development of additional penetration aids), and (B) current strategic doctrine and tactics; and

(2) shall consider whether the actions of the United States described in paragraph (1) could be accomplished over the same period of time that the Soviet Union would require to deploy such an antiballistic missile system.

(c) REPORT.—Not later than January 1, 1989, the President shall submit to Congress a report, in both a classified and an unclassified version, specifying the results of the study conducted pursuant to this section. The report shall include such recommendations as the President considers appropriate, including recommendations with regard to maintaining the deterrent value of the strategic forces of the United States in light of the antiballistic missile capability and activities of the Soviet Union described in the report. Classified information. Public information.

SEC. 908. ANALYSIS OF ALTERNATIVE STRATEGIC NUCLEAR FORCE POSTURES FOR THE UNITED STATES UNDER A POTENTIAL START TREATY

(a) FINDINGS.—Congress makes the following findings:

(1) The United States and the Soviet Union are currently engaged in talks regarding the reduction of strategic nuclear arms.

(2) Such talks could result in a treaty requiring deep reductions in the strategic forces of the United States.

(3) Any such Strategic Arms Reduction Treaty (START) cannot be ratified without the advice and consent of the Senate.

(4) Any such START Treaty should result in a stable balance of strategic forces between the United States and the Soviet Union which enhances the security of the United States.

(5) Congress should provide funds for the forces permitted under such a treaty that are required to ensure the stability of the force balance under such a treaty.

(6) Congress faces critical resource choices for fiscal year 1989 and subsequent fiscal years, and the resource choices made by Congress for those years could substantially influence the strategic force posture of the United States in the period after such a treaty goes into effect.

(b) PRESIDENTIAL REPORT.—Before entering into any Strategic Arms Reduction Treaty or other agreement with the Soviet Union for the reduction of strategic arms, but not later than September 15, 1988, the President shall submit to Congress a comprehensive report on the implications such a treaty or agreement might have on the strategic force postures of the United States during the 1990s. The report shall include the following:

(1) A description of alternative force postures that might be permitted for the United States under such an arms reduction agreement, including the posture recommended by the President.

(2) The estimated costs, over at least a seven-year period, associated with each alternative force posture.

102 STAT. 2036

(3) The damage limitation capability, the survivability, and the retaliatory potential of such force posture, and the implications for strategic stability, assessed with regard to the likely force postures of the Soviet Union under such an agreement and the first-strike potential of such force postures.

(4) The likely effect of a breakout by the Soviet Union from such an arms control agreement on the survivability and of the force posture of the United States under such an agreement recommended by the President under paragraph (1).

SEC. 1004. SENSE OF CONGRESS ON NEED FOR MODERNIZATION OF THEATER NUCLEAR CAPABILITIES OF NATO

22 USC 1928 note.

(a) FINDINGS.—Congress makes the following findings:

(1) The security of the North Atlantic Treaty Organization (NATO) alliance will continue for the foreseeable future to rely on a modern and credible nuclear deterrent.

(2) NATO should make every effort to achieve the goal of raising the threshold for the use of nuclear weapons in the event of a conflict in Europe.

(3) While recognizing that there is a critical need for improvements in conventional forces, Congress also recognizes that the United States will have to devote defense resources in the future to the continuing modernization of the theater nuclear capabilities of NATO.

(4) The modernization of the theater nuclear capabilities of NATO is a continuing process and stems from the 1983 Montebello decision by NATO to reduce the stockpile of nuclear weapons in Europe while taking steps to ensure that the remaining nuclear weapons of the alliance are responsive, survivable, and effective.

(5) Programs to modernize theater nuclear forces, which had a high priority for NATO before the ratification of the Intermediate-range Nuclear Forces (INF) Treaty, are at least as important following the ratification of that treaty in May 1988.

(6) The NATO Nuclear Planning Group recently reaffirmed its endorsement of development by the United States of a new missile for delivery of theater nuclear weapons as a follow-on to the current Lance missile, with a view toward an eventual decision on deployment of such a follow-on missile.

(b) SENSE OF CONGRESS.—In light of the findings in subsection (a), it is the sense of Congress that—

(1) modernization of the theater nuclear capabilities of the North Atlantic Treaty Organization is essential to the deterrence strategy of the NATO alliance, particularly in light of the requirements of the Intermediate-range Nuclear Forces (INF) Treaty for the destruction of intermediate-range nuclear weapons;

(2) continued modernization by the United States of theater nuclear capabilities should be undertaken in close consultation with other NATO member nations; and

(3) the United States should proceed with ongoing activities to meet the identified requirement of the NATO alliance for development of a new missile for delivery of theater nuclear weapons as a follow-on to the Lance missile.

SEC. 1006. IMPROVEMENT IN DEFENSE RESEARCH AND PROCUREMENT LIAISON WITH ISRAEL

10 USC 133 note.

The Secretary of Defense, in consultation with the Under Secretary of Defense for Acquisition, shall designate for duty in Israel

an individual or individuals to serve as the primary liaison between the procurement and research and development activities of the United States Armed Forces and those of the State of Israel.

SEC. 1007. MODIFICATION OF REQUIREMENT CONCERNING DESIGNATION OF MAJOR NON-NATO ALLIES

Section 1105(f) of the National Defense Authorization Act for Fiscal Year 1987 (22 U.S.C. 2767a) is amended—

(1) by striking out "Not later than January 1 of each year, the Secretary" and inserting in lieu thereof "The Secretary";

(2) by inserting ", whenever they consider such action to be warranted," after "Secretary of State"; and

(3) by inserting "to be added to or deleted from the existing designation of countries" in paragraph (1) after "countries".

SEC. 1008. CALL FOR CONTINUED DEFENSE BURDENSHARING DISCUSSIONS WITH ALLIES

It is the sense of Congress that the President should continue the discussions (called for by Congress in section 1254(b)(1) of Public Law 100-204) with countries which participate in mutual defense alliances with the United States, especially the member nations of the North Atlantic Treaty Organization and Japan, for the purpose of reaching an agreement for a more equitable distribution of the burden of financial support for the alliances.

SEC. 1009. CONTRIBUTIONS BY JAPAN TO GLOBAL STABILITY

(a) FINDINGS.—The Congress makes the following findings:

(1) As noted by Congress in section 1012(a)(1) of Public Law 100-180 and in section 812(a)(1) of Public Law 99-93, the alliance of the United States and Japan is the foundation for the security of Japan and peace in the Far East and is a major contributing factor to the democratic freedoms and the economic prosperity enjoyed by both the United States and Japan.

(2) In keeping with the declaration made at the 1983 meeting in Williamsburg, Virginia, of the leaders of the leading industrialized democracies that "the security of our countries is indivisible and must be approached on a global basis", the Government of Japan, in actions welcomed by the United States—

102 STAT. 2041

(A) continues to fulfill the pledge made by the Prime Minister of Japan in May 1981 to develop the capabilities to defend the territory of Japan and the airspace and sealanes around Japan to a distance of 1,000 nautical miles by 1990,

(B) has increased the amount of assistance provided to other countries during fiscal year 1988 by 6.5 percent over the amount of such assistance provided during fiscal year 1987, and

(C) is, according to recent reports, actively involved in increasing its contributions to the stability of the Republic of the Philippines.

(3) Japan could, because of its recent history and economic status, best fulfill a politically acceptable and significant role in maintaining the security of the leading industrialized democracies by increasing spending for its Official Development Assistance program in the manner described by Congress in section 1012(b) of Public Law 100-180.

(4) The failure of the United States and Japan to agree on the appropriate level of the contribution by Japan to maintaining the security of the leading industrialized democracies could weaken the long-term vitality, effectiveness, and cohesion of the alliance between the United States and Japan.

22 USC 1928 note.

(b) ANNUAL REPORT.—The Secretary of Defense shall include with the annual report submitted pursuant to section 1003 of Public Law 98-525 (22 U.S.C. 1928 note) a report on the Official Development Assistance program of the Government of Japan. Such report shall be prepared each year in coordination with the Secretary of State

and the Administrator of the Agency for International Development and shall include a description of the amount and nature of spending under such program by recipient, including distinguishing between grant aid, loans, and credits.

(c) POLICY ON DISCUSSIONS WITH JAPAN.—It is the sense of Congress that in the discussions with Japan referred to in section 1008 for the purpose of reaching a more equitable distribution of the burden of financial support for the security of the leading industrialized democracies, the objective of such discussions should include the establishment of a schedule for increases in spending under Japan's Official Development Assistance program and its defense programs so that, by 1992, the level of spending on those programs (stated as a percentage of gross national product) will approximate the average of the levels of spending by the member nations of the North Atlantic Treaty Organization on official development assistance and defense programs (stated as a percentage of their respective gross national products).

(d) REPORT.—Not later than 180 days after the date of the enactment of this Act, the President shall submit to Congress a report on the progress of the discussions described in subsection (c) with respect to Japan. President of U.S.

(e) FURTHER CONGRESSIONAL ACTION.—It is the sense of Congress that if, in the judgment of Congress, the report of the President under subsection (d) does not reflect substantial progress toward a more equitable distribution of the burden of maintaining the security of the leading industrialized democracies, Congress should review the extent of the distribution of the mutual security burden between the United States and Japan and should consider whether additional legislation is appropriate.

SEC. 1305. HUMAN RIGHTS VIOLATIONS BY THE GOVERNMENT OF POLAND

(a) FINDINGS.—Congress makes the following findings:

(1) The government of Poland, headed by General Wojciech Jaruzelski, has violated internationally recognized human rights of the people of Poland, including the right to peaceably assemble, the right to strike, the right to freely associate, and the right to due process.

(2) The Jaruzelski government has retaliated against the justified, peaceful protests of workers at Nowa Huta, Poland, through the use of violence and force.

(3) The Jaruzelski government has prosecuted and imprisoned a number of persons for politically related offenses.

(4) The Jaruzelski government has to date refused to take steps which would guarantee the right of the people of Poland to participate in the management of the economy of Poland and has refused to accept the principle of pluralism in the national life of Poland.

(b) SENSE OF CONGRESS.—It is, therefore, the sense of Congress—

(1) that the use of force against the workers of Nowa Huta and intimidation against other strikers in Poland should be condemned; and

(2) that improvement in relations between the United States and Poland must be predicated on an improvement in internationally recognized human rights in Poland, including the release of political prisoners, steps toward trade union pluralism and the rights of independent trade unions to organize, and steps toward genuine national reconciliation and dialogue.

(b) The President may waive subsection (a) if the President certifies to Congress that such action is in the national interest.

SEC. 1307. RESTRICTION ON SALE OF DEFENSE ARTICLES TO CERTAIN NATIONS

(a) RESTRICTION.—During fiscal year 1989, the United States may not make any sale of defense articles subject to section 36(b) of the Arms Export Control Act (22 U.S.C. 2776(b)) to any nation which has acquired intermediate-range ballistic missiles made by the People's Republic of China. People's Republic of China.

SEC. 1308. UNITED STATES BASES IN THE REPUBLIC OF THE PHILIPPINES

(a) CONGRESSIONAL FINDINGS.—Congress makes the following findings:

(1) The United States has maintained military bases in the Philippines since 1947 pursuant to the United States-Philippine Military Bases Agreement and maintained military bases in the Philippines for many years before that under other arrangements.

(2) Clark Air Force Base, Subic Bay Naval Base, and the other United States military installations in the Philippines significantly promote the mutual interests of the United States and the Philippines and contribute to regional and global security.

(3) These installations are also important to the development of democratic institutions and to economic progress in the Western Pacific and Southeast Asia.

(4) The United States military installations in the Philippines employ a loyal and highly skilled cadre of Filipinos and make a substantial contribution to the Philippine economy. 102 STAT. 2063

(5) The Military Bases Agreement as currently in effect has a fixed term lasting until September 16, 1991, after which it continues in effect subject to termination by either party on one year's notice.

(6) Pursuant to a 1979 amendment to that agreement, the President of the United States pledged to the Government of the Republic of the Philippines to undertake "best efforts" to obtain security assistance for the Philippines, and such pledge was reiterated by the President of the United States in 1983 as part of a five-year review of the agreement.

(7) The United States and the Republic of the Philippines are currently engaged in a second five-year review of the Military Bases Agreement.

(8) Officials of the Government of the Republic of the Philippines have indicated to officials of the United States that

the United States should significantly increase compensation for the use by the United States of military bases in the Philippines.

(9) The provision of multilateral economic assistance to the Republic of the Philippines should be considered separately from the provision of security assistance by the United States to the Republic of the Philippines in return for United States basing rights in the Philippines.

(b) REPORT ON FACILITIES.—(1) The Secretary of Defense shall submit to Congress a report on the existing United States military facilities in the Republic of the Philippines. The report shall include analysis of the following:

(B) Potential alternative locations for those facilities.

(C) The strategic value to the United States of having military facilities located in the Philippines and of having such facilities at the potential alternative locations considered.

(D) The costs and benefits of relocating those facilities to the potential alternative locations, including—

(i) the cost to the United States of operation and maintenance and other costs,

(ii) the economic, social, and other costs to the Philippines, and

(iii) the economic, social, and other benefits to the government and community at each alternative location.

(E) The availability of skilled indigenous personnel at the potential alternative locations and the cost of training such personnel to work at such installations.

(2) The report shall be prepared in consultation with the Secretary of State and shall be submitted to Congress not later than six months after the date of the enactment of this Act.

10 USC 113 note.

SEC. 1310. ECONOMIC SANCTIONS AGAINST ETHIOPIA

(a) STATEMENTS OF POLICY.—The Congress—

(1) condemns the Government of Ethiopia for its blatant disregard for human life as demonstrated by its use of food as a weapon, its forced resettlement program, and its human rights record;

(2) in the strongest terms possible, urges the Government of Ethiopia to allow foreign relief personnel to return to the north and to allow the international relief campaign to resume operations at its own risk, while retaining full control over its assets and having access to adequate aircraft and fuel;

(3) in the strongest terms possible, urges rebel groups to cease attacks upon relief vehicles and relief distribution points and to respect the impartiality of the international relief campaign;

(4) urges the President and the Secretary of State (through direct representations to the Government of Ethiopia and certain rebel groups and through sustained multilateral initiatives involving other Western donors, the United Nations, and the Organization of African Unity) to focus world pressure and

opinion upon the combatants in northern Ethiopia, to press for an "open roads/own risk" policy that will facilitate the resumption of international relief efforts in the north, to press the Government of Ethiopia and the rebel groups to reach a pragmatic, enduring political settlement, and to press the Government of Ethiopia to implement genuine and effective reform of its failed agricultural policies; and

(5) urges the President and the Secretary of State to engage in direct discussion with the Soviet Union in order that the peaceful resolution of the crisis in northern Ethiopia becomes a high priority of the Soviet Union and that the approach of the Soviet Union is consistent with that of the West.

(b) SANCTIONS.—(1) Notwithstanding any other provision of law, the President is authorized to, and is hereby strongly urged to, impose such economic sanctions upon Ethiopia as the President determines to be appropriate (subject to paragraphs (2) and (3)) if, at any time after the date of the enactment of this Act, the Government of Ethiopia engages in any of the following outrages: President of U.S.

(D) Denial of international relief to any persons at risk because of famine.

(E) Seizure of international relief assets provided by the United States.

(F) Prohibition of end-use monitoring of food distribution by international relief personnel.

(2) In imposing sanctions pursuant to paragraph (1) on imports from Ethiopia, the President shall give priority consideration to those products which constitute major imports from Ethiopia, unless the President determines that sanctions against such products would have an adverse effect on economic interests of the United States.

102 STAT. 2065

(3) If a sanction imposed pursuant to paragraph (1) involves the prohibition or curtailment of exports to Ethiopia, that sanction may only be imposed under the authority and subject to the requirements of section 6 of the Export Administration Act of 1979.

(c) REPORTS TO CONGRESS.—Not more than 15 days after the date of the enactment of this Act and at the end of each 90-day period thereafter, the President shall submit to Congress a report stating whether or not, during the 90-day period preceding the date of the report, the Government of Ethiopia engaged in any conduct described in subsection (b). Each such report shall describe the response of the United States to any such conduct. President of U.S.

(d) REGULATION AUTHORITY.—The President shall issue such regulations, licenses, and orders as are necessary to implement any sanction imposed under this section. President of U.S.

SEC. 1436. NUCLEAR TEST BAN READINESS PROGRAM

(a) FINDINGS.—The Congress makes the following findings:

(1) On September 17, 1987, the United States and the Soviet Union announced that they would resume full-scale, stage-by-stage negotiations on issues relating to nuclear testing, including further intermediate limitations on nuclear testing leading to the ultimate objective of a comprehensive nuclear test ban.

(2) It was agreed that the first step in these negotiations would be to reach agreement on verification measures that will make possible the ratification of the Threshold Test Ban Treaty of 1974 and the Peaceful Nuclear Explosions Treaty of 1976.

(3) To achieve the agreement on verification measures, the United States and the Soviet Union have agreed to design and conduct a Joint Verification Experiment at the test sites of each country during the summer of 1988.

(4) At the Moscow summit in May 1988, President Reagan and General Secretary Gorbachev reaffirmed their commitment to negotiations on "effective verification measures which will make it possible to ratify the Threshold Test Ban Treaty of 1974 and Peaceful Nuclear Explosions Treaty of 1976, and proceed to negotiating further intermediate limitations on nuclear testing leading to the ultimate objective of the complete cessation of nuclear testing as part of an effective disarmament process".

Safety.

(b) ESTABLISHMENT OF PROGRAM.—The Secretary of Energy shall establish and support a program to assure that the United States is in a position to maintain the reliability, safety, and continued deterrent effect of its stockpile of existing nuclear weapons designs in the event that a low-threshold or comprehensive ban on nuclear explosives testing is negotiated and ratified within the framework agreed to by the United States and the Soviet Union.

Safety.

(c) PURPOSES OF PROGRAM.—The purposes of the program under subsection (b) shall be the following:

(1) To assure that the United States maintains a vigorous program of stockpile inspection and non-explosive testing so that, if a low-threshold or comprehensive test ban is entered into, the United States remains able to detect and identify

potential problems in stockpile reliability and safety in existing designs of nuclear weapons. 102 STAT. 2076

(2) To assure that the specific materials, components, processes, and personnel needed for the remanufacture of existing nuclear weapons or the substitution of alternative nuclear warheads are available to support such remanufacture or substitution if such action becomes necessary in order to satisfy reliability and safety requirements under a low-threshold or comprehensive test ban agreement.

(3) To assure that a vigorous program of research in areas related to nuclear weapons science and engineering is supported so that, if a low-threshold or comprehensive test ban agreement is entered into, the United States is able to maintain a base of technical knowledge about nuclear weapons design and nuclear weapons effects. Research and development.

(d) CONDUCT OF PROGRAM.—The Secretary of Energy shall carry out the program provided for in subsection (b). The program shall be carried out with the participation of representatives of the Department of Defense, the nuclear weapons production facilities, and the national nuclear weapons laboratories.

TITLE I—ELEMENTARY AND SECONDARY EDUCATION PROGRAMS REAUTHORIZED

SEC. 1001. AMENDMENT TO THE ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.

The Elementary and Secondary Education Act of 1965 (20 U.S.C. 2701 et seq.) (other than title X of such Act) is amended to read as follows:

20 USC 2701 note.

"SECTION 1. SHORT TITLE.

"This Act may be cited as the 'Elementary and Secondary Education Act of 1965'.

"TITLE I—BASIC PROGRAMS

"CHAPTER 1—FINANCIAL ASSISTANCE TO MEET SPECIAL EDUCATIONAL NEEDS OF CHILDREN

20 USC 2701.

"SEC. 1001. DECLARATION OF POLICY AND STATEMENT OF PURPOSE.

"(a) DECLARATION OF POLICY.—In recognition of—

"(1) the special educational needs of children of low-income families and the impact of concentrations of low-income families on the ability of local educational agencies to provide educational programs which meet such needs, and

"(2) the special educational needs of children of migrant parents, of Indian children, and of handicapped, neglected, and delinquent children,

the Congress declares it to be the policy of the United States to—

"(A) provide financial assistance to State and local educational agencies to meet the special needs of such educationally deprived children at the preschool, elementary, and secondary levels;

"(B) expand the program authorized by this chapter over the next 5 years by increasing funding for this chapter by at least $500,000,000 over baseline each fiscal year and thereby increasing the percentage of eligible children served in each fiscal year with the intent of serving all eligible children by fiscal year 1993; and

"(C) provide such assistance in a way which eliminates unnecessary administrative burden and paperwork and overly prescriptive regulations and provides flexibility to State and local educational agencies in making educational decisions.

"(b) STATEMENT OF PURPOSE.—The purpose of assistance under this chapter is to improve the educational opportunities of educationally deprived children by helping such children succeed in the regular program of the local educational agency, attain grade-level proficiency, and improve achievement in basic and more advanced skills. These purposes shall be accomplished through such means as supplemental education programs, schoolwide programs, and the increased involvement of parents in their children's education.

102 STAT. 141

"PART A—BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES

"Subpart 1—Allocations

20 USC 2711.

"SEC. 1005. BASIC GRANTS.

"(a) AMOUNT OF GRANTS.—

Appropriation authorization.

"(1) GRANTS FOR TERRITORIES.—There is authorized to be appropriated for each fiscal year for the purpose of this paragraph 1 percent of the amount appropriated for such year for payments to States under this section. The amount appropriated pursuant to this paragraph shall be allotted by the Secretary (A) among Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands according to their respective need for grants under this part, and (B) to the Secretary of the Interior in the amount necessary (i) to make payments pursuant to paragraph (1) of subsection (d), and (ii) to make payments pursuant to paragraph (2) of subsection (d). The grant which a local educational agency in Guam, American Samoa, the Virgin Islands,

the Northern Mariana Islands, and the Trust Territory of the Pacific Islands is eligible to receive shall be determined pursuant to such criteria as the Secretary determines will best carry out the purposes of this chapter.

"(2) GRANTS FOR LOCAL EDUCATIONAL AGENCIES AND PUERTO RICO.—

"(A) In any case in which the Secretary determines that satisfactory data for that purpose are available, the grant which a local educational agency in a State is eligible to receive under this subpart for a fiscal year shall (except as provided in paragraph (3)), be determined by multiplying the number of children counted under subsection (c) by 40 percent of the amount determined under the next sentence. The amount determined under this sentence shall be the average per pupil expenditure in the State except that (i) if the average per pupil expenditure in the State is less than 80 percent of the average per pupil expenditure in the United States, such amount shall be 80 percent of the average per pupil expenditure in the United States, or (ii) if the average per pupil expenditure in the State is more than 120 percent of the average per pupil expenditure in the United States, such amount shall be 120 percent of the average per pupil expenditure in the United States.

"(B) In any case in which such data are not available, subject to paragraph (3), the grant for any local educational agency in a State shall be determined on the basis of the aggregate amount of such grants for all such agencies in the county or counties in which the school district of the particular agency is located, which aggregate amount shall be equal to the aggregate amount determined under 102 STAT. 142
subparagraph (A) for such county or counties, and shall be allocated among those agencies upon such equitable basis as may be determined by the State educational agency in accordance with the basic criteria prescribed by the Secretary.

"(C) For each fiscal year, the Secretary shall determine the percentage which the average per pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per pupil expenditure of any of the 50 States. The grant which the Commonwealth of Puerto Rico shall be eligible to receive under this subpart for a fiscal year shall be the amount arrived at by multiplying the number of children counted under subsection (c) for the Commonwealth of Puerto Rico by the product of—

"(i) the percentage determined under the preceding sentence; and

"(ii) 32 percent of the average per pupil expenditure in the United States.

"(3) SPECIAL ALLOCATION PROCEDURES.—

"(A) Upon determination by the State educational agency that a local educational agency in the State is unable or unwilling to provide for the special educational needs of children described in clause (C) of paragraph (1) of subsection (c), who are living in institutions for neglected or delinquent children, the State educational agency shall, if it assumes responsibility for the special educational needs of such children, be eligible to receive the portion of the allocation to such local educational agency which is attributable to such neglected or delinquent children, but if the State educational agency does not assume such responsibility, any other State or local public agency, as determined by regulations established by the Secretary, which does assume such responsibility, shall be eligible to receive such portion of the allocation.

"(B) In the case of local educational agencies which serve in whole or in part the same geographical area, and in the

case of a local educational agency which provides free public education for a substantial number of children who reside in the school district of another local educational agency, the State educational agency may allocate the amount of the grants for those agencies among them in such manner as it determines will best carry out the purposes of this chapter.

"(C) In any State in which a large number of local educational agencies overlap county boundaries, the State educational agency may apply to the Secretary for authority during any particular fiscal year to make the allocations under this part (other than section 1006) directly to local educational agencies without regard to the counties or may continue to make such allocations if the agency had the authority to do so under chapter 1 of the Education Consolidation and Improvement Act of 1981. If the Secretary approves an application of a State educational agency for a particular year under this subparagraph, the State educational agency shall provide assurances that such allocations will be made using precisely the same factors for determining a grant as are used under this part and that a procedure will be established through which local educational agencies dissatisfied with the determinations made by the State educational agency may appeal directly to the Secretary for a final determination.

"(4) DEFINITION.—For purposes of this subsection, the term 'State' does not include Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands.

"(b) MINIMUM NUMBER OF CHILDREN TO QUALIFY.—A local educational agency shall be eligible for a basic grant for a fiscal year under this subpart only if it meets the following requirements with respect to the number of children counted under subsection (c):

"(1) In any case (except as provided in paragraph (3)) in which the Secretary determines that satisfactory data for the purpose of this subsection as to the number of such children are available on a school district basis, the number of such children in the school district of such local educational agency shall be at least 10.

"(2) In any other case, except as provided in paragraph (3), the number of such children in the county which includes such local educational agency's school district shall be at least 10.

"(3) In any case in which a county includes a part of the school district of the local educational agency concerned and the Secretary has not determined that satisfactory data for the purpose of this subsection are available on a school district basis for all the local educational agencies or all the counties into which the school district of the local educational agency concerned extends, the eligibility requirement with respect to the number of such children for such local educational agency shall be determined in accordance with regulations prescribed by the Secretary for the purposes of this subsection.

Disadvantaged persons.

"(c) CHILDREN TO BE COUNTED.—

"(1) CATEGORIES OF CHILDREN.—The number of children to be counted for purposes of this section is the aggregate of—

"(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2)(A),

"(B) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (2)(B), and

"(C) the number of children aged 5 to 17, inclusive, in the school district of such agency living in institutions for neglected or delinquent children (other than such institutions operated by the United States) but not counted pursu-

ant to subpart 3 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds.

"(2) DETERMINATION OF NUMBER OF CHILDREN.—

"(A) For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data available from the Department of Commerce for local educational agencies (or, if such data are not available for such agencies, for counties); and in determining the families which are below the poverty level, the Secretary shall utilize the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census.

102 STAT. 144

"(B) For purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under the program of aid to families with dependent children under a State plan approved under title IV of the Social Security Act; and in making such determinations the Secretary shall utilize the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of 4 in such form as those criteria have been updated by increases in the Consumer Price Index. The Secretary shall determine the number of such children and the number of children of such ages living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination. The Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

"(C) When requested by the Secretary, the Secretary of Commerce shall make a special estimate of the number of children of such ages who are from families below the poverty level (as determined under subparagraph (A) of this paragraph) in each county or school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information. For purposes of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

"(d) PROGRAM FOR INDIAN CHILDREN.—

"(1) From the amount allotted for payments to the Secretary of the Interior under the second sentence of subsection (a)(1), the Secretary of the Interior shall make payments to local educational agencies, upon such terms as the Secretary determines will best carry out the purposes of this chapter with respect to out-of-State Indian children in the elementary and secondary schools of such agencies under special contracts with the Department of the Interior. The amount of such payment may not exceed, for each such child, 40 percent of (A) the average per

pupil expenditure in the State in which the agency is located, or (B) 120 percent of such expenditure in the United States, whichever is the greater.

102 STAT. 145

"(2) The amount allotted for payments to the Secretary of the Interior under the second sentence of subsection (a)(1) for any fiscal year shall be, as determined pursuant to criteria established by the Secretary, the amount necessary to meet the special educational needs of educationally deprived Indian children on reservations serviced by elementary and secondary schools for Indian children operated with Federal assistance or operated by the Department of the Interior. Such payment shall be made pursuant to an agreement between the Secretary and the Secretary of the Interior containing such assurances and terms as the Secretary determines will best achieve the purposes of this chapter. Such agreement shall contain (A) an assurance that payments made pursuant to this subparagraph will be used solely for programs and projects approved by the Secretary of the Interior which meet the applicable requirements of subpart 2 of this part and that the Department of the Interior will comply in all other respects with the requirements of this chapter, and (B) provision for carrying out the applicable provisions of subpart 2 of this part and part F. Such agreement shall consider a tribal organization operating a school under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450 et seq.) or the Tribally Controlled Schools Act of 1987 as a local educational agency, and shall consider the Secretary of the Interior as a State or State educational agency for all purposes defining the authority of States or State educational agencies relative to local educational agencies. If, in the capacity as a State educational agency, the Secretary of the Interior promulgates regulations applicable to such tribal organizations, the Secretary shall comply with section 1451 of this Act and with section 553 of title 5 of the United States Code, relating to administrative procedure, and such regulations must be consistent with subsections (d) and (e) of section 1121, section 1130, and section 1133 of the Education Amendments of 1978.

Contracts.

"(e) STATE MINIMUM.—(1) For any fiscal year for which—

"(A) sums available for the purposes of this section exceed sums available under chapter 1 of the Education Consolidation and Improvement Act of 1981 for fiscal year 1988; and

"(B)(i) sums available for the purpose of section 1006 equal or exceed $400,000,000, or

"(ii) sums available for the purpose of section 1005 equal or exceed amounts appropriated for such purpose in fiscal year 1988 by $700,000,000,

the aggregate amount allotted for all local educational agencies within a State may not be less than one-quarter of 1 percent of the total amount available for such fiscal year under this section.

"(2) The provisions of paragraph (1) shall apply only if each State is allotted an amount which is not less than the payment made to each State under chapter 1 of the Education Consolidation and Improvement Act of 1981 for fiscal year 1988.

"(3)(A) No State shall, by reason of the application of the provisions of paragraph (1) of this subsection, be allotted more than—

"(i) 150 percent of the amount that the State received in the fiscal year preceding the fiscal year for which the determination is made, or

"(ii) the amount calculated under subparagraph (B),

102 STAT. 146

whichever is less.

"(B) For the purpose of subparagraph (A)(ii), the amount for each State equals—

"(i) the number of children in such State counted under subsection (c) in the fiscal year specified in subparagraph (A), multiplied by

"(ii) 150 percent of the national average per pupil payment made with funds available under this section for that year.

"(g) DURATION OF ASSISTANCE.—During the period beginning October 1, 1988, and ending September 30, 1993, the Secretary shall, in accordance with the provisions of this part, make payments to State educational agencies for grants made on the basis of entitlements created under this section.

"SEC. 1006. GRANTS FOR LOCAL EDUCATIONAL AGENCIES IN COUNTIES WITH ESPECIALLY HIGH CONCENTRATIONS OF CHILDREN FROM LOW-INCOME FAMILIES.

Disadvantaged persons. 20 USC 2712.

"(a) ELIGIBILITY FOR AND AMOUNT OF SPECIAL GRANTS.—

"(1)(A) Except as otherwise provided in this paragraph, each county, in a State other than Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands, which is eligible for a grant under this chapter for any fiscal year shall be entitled to an additional grant under this section for that fiscal year if—

"(i) the number of children counted under section 1005(c) of this chapter in the school district of local educational agencies in such county for the preceding fiscal year exceeds 6,500, or

"(ii) the number of children counted under section 1005(c) exceeds 15 percent of the total number of children aged five to seventeen, inclusive, in the school districts of local educational agencies in such county in that fiscal year.

"(B) Except as provided in subparagraph (C), no State described in subparagraph (A) shall receive less than—

"(i) one-quarter of 1 percent of the sums appropriated under subsection (c) of this section for such fiscal year; or

"(ii) $250,000,

whichever is higher.

"(C) No State shall, by reason of the application of the provisions of subparagraph (B)(i) of this paragraph, be allotted more than—

"(i) 150 percent of the amount that the State received in the fiscal year preceding the fiscal year for which the determination is made, or

"(ii) the amount calculated under subparagraph (B),

whichever is less.

"(D) For the purpose of subparagraph (C), the amount for each State equals—

"(i) the number of children in such State counted for purposes of this section in the fiscal year specified in subparagraph (B),

multiplied by

"(ii) 150 percent of the national average per pupil payment made with funds available under this section for that year.

"(2) For each county in which there are local educational agencies eligible to receive an additional grant under this section for any fiscal year the Secretary shall determine the product of— 102 STAT. 147

"(A) the greater of—

"(i) the number of children in excess of 6,500 counted under section 1005(c) for the preceding fiscal year, in the school districts of local educational agencies of a county which qualifies on the basis of subparagraph (A) of paragraph (1); or

"(ii) the number of children counted under section 1005(c) for the preceding fiscal year in the school districts of local educational agencies in a county which qualifies on the basis of subparagraph (B) of paragraph (1); and

"(B) the quotient resulting from the division of the amount determined for those agencies under section 1005(a)(2) of this chapter for the fiscal year for which the determination is being made divided by the total number of children counted under section 1005(c) for that agency for the preceding fiscal year.

"(3) The amount of the additional grant to which an eligible county is entitled under this section for any fiscal year shall be an amount which bears the same ratio to the amount reserved under subsection (c) for that fiscal year as the product determined under paragraph (2) for such county for that fiscal year bears to the sum of such products for all counties in the United States for that fiscal year.

"(4) For the purposes of this section, the Secretary shall determine the number of children counted under section 1005(c) for any county, and the total number of children aged five to seventeen, inclusive, in school districts of local educational agencies in such county, on the basis of the most recent satisfactory data available at the time the payment for such county is determined under section 1005.

"(5)(A) Pursuant to regulations established by the Secretary and except as provided in subparagraphs (B) and (C) and paragraph (6), funds allocated to counties under this part shall be allocated by the State educational agency only to those local educational agencies whose school districts lie (in whole or in part) within the county and which are determined by the State educational agency to meet the eligibility criteria of clauses (i) and (ii) of paragraph (1)(A). Such determination shall be made on the basis of the available poverty data which such State educational agency determines best reflect the current distribution in the local educational agency of low-income families consistent with the purposes of this chapter. The amount of funds under this part that each qualifying local educational agency receives shall be proportionate to the number or percentage of children from low-income families in the school districts of the local educational agency.

"(B) In counties where no local educational agency meets the criteria of clause (i) or (ii) of paragraph (1)(A), the State educational agency shall allocate such funds among the local educational agencies within such counties (in whole or in part) in rank order of their respective concentration and numbers of children from low-income families and in amounts which are consistent with the degree of concentration of poverty. Only local educational agencies with concentrations of poverty that exceed the county wide average of poverty shall receive any funds pursuant to the provisions of this subparagraph.

102 STAT. 148

"(C) In States which receive the minimum grant amount under paragraph (1), the State educational agency shall allocate such funds among the local educational agencies in such State by either of the following methods:

"(i) in accordance with the provisions of subparagraphs (A) and (B) of this paragraph; or

"(ii) without regard to the counties in which such local educational agencies are located, in rank order of their respective concentration and numbers of children from low-income families and in amounts which are consistent with the degree of concentration of poverty, except that only those local educational agencies with concentrations of poverty that exceed the Statewide average of poverty shall receive any funds pursuant to the provisions of this clause.

"(6) A State may reserve not more than 2 percent of its allocation under this section for the purpose of making direct payments to local educational agencies that meet the criteria of clauses (i) and (ii) of paragraph (1)(A), but are otherwise ineligible.

"(b) PAYMENTS; USE OF FUNDS.—

"(1) The total amount which counties in a State are entitled to under this section for any fiscal year shall be added to the amount paid to that State under section 1401 for such year. From the amount paid to it under this section, the State shall distribute to local educational agencies in each county of the State the amount (if any) to which it is entitled under this section.

"(2) The amount paid to a local educational agency under this section shall be used by that agency for activities undertaken pursuant to its application submitted under section 1012 and shall be subject to the other requirements in subpart 2 of this part.

"(c) RESERVATION OF FUNDS.—

"(1) For any fiscal year for which amounts appropriated for part A of this chapter exceed $3,900,000,000, the amounts specified in paragraph (2) of this subsection shall be available to carry out this section.

"(2)(A) The first $400,000,000 in excess of $3,900,000,000 appropriated for part A of this chapter in any fiscal year shall be available to carry out this section.

"(B) Whenever the amounts appropriated for part A exceed $4,300,000,000 in any fiscal year, 10 percent of the amount appropriated for that fiscal year shall be available to carry out this section, except that no State shall, as a result of implementation of paragraph (2) of this subsection, receive less under section 1005 than it received for the previous fiscal year under such section or under section 554(a)(1)(A) of the Education Consolidation and Improvement Act of 1981.

"(d) RATABLE REDUCTION RULE.—If the sums available under subsection (c) for any fiscal year for making payments under this section are not sufficient to pay in full the total amounts which all States are entitled to receive under subsection (a) for such fiscal year, the maximum amounts which all States are entitled to receive under subsection (a) for such fiscal year shall be ratably reduced. In case additional funds become available for making such payments for any fiscal year during which the preceding sentence is applicable, such reduced amounts shall be increased on the same basis as they were reduced.

"(2) Such programs and projects under paragraph (1) may include preschool through secondary programs; the acquisition of equipment and instructional materials; books and school library resources; employment of special instructional personnel, school counselors, and other pupil services personnel; employment and training of education aides; payments to teachers of amounts in excess of regular salary schedules as a bonus for service in schools serving project areas; the training of teachers, librarians, other instructional and pupil services personnel, and, as appropriate, early childhood education professionals (including training in preparation for the implementation of programs and projects in a subsequent school year); the construction, where necessary, of school facilities; parental involvement activities under section 1016; planning for

and evaluation of such programs and projects assisted under this chapter; and other expenditures authorized under this chapter.

"(3) State and local educational agencies are encouraged to develop programs to assist eligible children to improve their achievement in basic skills and more advanced skills and to consider year-round services and activities, including intensive summer school programs.

"(b) INNOVATION PROJECTS.—Subject to the approval of the State educational agency, a local educational agency may use not more than 5 percent of payments under this part for the costs of conducting innovative projects developed by the local educational agency that include only—

"(1) the continuation of services to children eligible for services in any preceding year for a period sufficient to maintain progress made during their eligibility;

"(2) the provision of continued services to eligible children transferred to ineligible areas or schools as part of a desegregation plan for a period not to exceed 2 years;

"(3) incentive payments to schools that have demonstrated significant progress and success in attaining the goals of this chapter;

"(4) training of chapter 1 and nonchapter 1 paid teachers and librarians with respect to the special educational needs of eligible children and integration of activities under this part into regular classroom programs;

"SEC. 1012. ASSURANCES AND APPLICATIONS.

"(a) STATE EDUCATIONAL AGENCY ASSURANCES.—Any State desiring to participate under this chapter shall submit to the Secretary, through its State educational agency, assurances that the State educational agency—

"(1) will meet the requirements in section 435(b)(2) and (b)(5) of the General Education Provisions Act relating to fiscal control and fund accounting procedures;

"(2) will carry out the activities required under this chapter with regard to evaluation and school program improvement;

"(3) has on file a program improvement plan that meets the requirements of section 1020; and

"(4) will ensure that its local educational agencies and State agencies receiving funds under this chapter comply with all applicable statutory and regulatory provisions pertaining to this chapter.

Such assurances shall remain in effect for the duration of participation under this chapter.

Grants.

"(b) LOCAL APPLICATIONS.—A local educational agency may receive a grant under this chapter for any fiscal year if it has on file with the State educational agency an application which describes the procedure to be used under section 1014(b) to assess students' needs and establish program goals, describes the programs and projects to be conducted with such assistance for a period of not more than 3 years, and describes the desired outcomes for eligible children, in terms of basic and more advanced skills that all children are expected to master, which will be used as the basis for evaluating the program or project as required by section 1019, and such application has been approved by the State educational agency and developed in consultation with teachers and parents.

"(c) LOCAL ASSURANCES.—Such application shall provide assurance that the programs and projects described—

"(1) are of sufficient size, scope, and quality to give reasonable promise of substantial progress toward meeting the special educational needs of the children being served, are designed and implemented in consultation with teachers (including early childhood education professionals and librarians when appropriate), and provide for parental involvement in accordance with section 1016;

"(2) make provision for services to educationally deprived children attending private elementary and secondary schools in accordance with section 1017;

"(3) allocate time and resources for frequent and regular coordination of the curriculum under this chapter with the regular instructional program; and

"(4) in the case of participating students who are also limited English proficient or are handicapped, provide maximum coordination between services provided under this chapter and services provided to address children's handicapping conditions or limited English proficiency, in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the students' programs.

Handicapped persons.

"SEC. 1013. ELIGIBLE SCHOOLS.

Disadvantaged persons.
20 USC 2723.

"(a) GENERAL PROVISIONS.—

"(1) Subject to subsection (b), a local educational agency shall use funds received under this chapter in school attendance areas having high concentrations of children from low-income families (hereinafter referred to as 'eligible school attendance areas'), and where funds under this chapter are insufficient to provide programs and projects for all educationally deprived children in eligible school attendance areas, a local educational agency shall annually rank its eligible school attendance areas from highest to lowest within each grade span grouping or for the entire local educational agency, according to relative degree of concentration of children from low-income families. A local educational agency may carry out a program or project assisted under this chapter in an eligible school attendance area only if it also carries out such program or project in all other eligible school attendance areas which are ranked higher under the first sentence of this paragraph.

"(2) The same measure of low income, which shall be chosen by the local educational agency on the basis of the best available data and which may be a composite of several indicators, shall be used with respect to all school attendance areas within a grade span grouping or for the entire local educational agency, both to identify the areas having high concentrations of children from low-income families and to determine the ranking of each area.

"(3) The requirements of this subsection shall not apply in the case of a local educational agency with a total enrollment of less than 1,000 children, but this paragraph does not relieve such an agency from the responsibility to serve eligible children according to the provisions of section 1014.

"(b) LOCAL EDUCATIONAL AGENCY DISCRETION.—Notwithstanding subsection (a)(1) of this section, a local educational agency shall have discretion to identify and rank eligible attendance areas as follows:

"(1) A local educational agency may designate as eligible and serve all of its attendance areas within a grade span grouping or in the entire local educational agency if the percentage of children from low-income families in each attendance area of the agency is within 5 percentage points of the average percentage of such children within a grade span grouping or for the entire local educational agency.

"(2) A local educational agency may designate any school attendance area in which at least 25 percent of the children are

from low-income families as an eligible school attendance area if the aggregate amount expended under this chapter and under a State program meeting the requirements of section 1018(d)(1)(B) in that fiscal year in each school attendance area of that agency eligible under subsection (a) in which projects assisted under this chapter were carried out in the preceding fiscal year equals or exceeds the amount expended from those sources in that area in such preceding fiscal year if such attendance areas qualify for such amounts under subsection (c)(1).

"(3) A local educational agency may, with the approval of the State educational agency, designate as eligible and serve school attendance areas with substantially higher numbers or percentages of educationally deprived children before school attendance areas with higher concentrations of children from low-income families, but this paragraph shall not permit the provision of services to more school attendance areas than could otherwise be served. A State educational agency shall approve such a proposal only if the State educational agency finds that the proposal will not substantially impair the delivery of deprived children from low-income families in project areas served by the local educational agency.

"(4) Funds received under this part may be used for educationally deprived children who are in a school which is not located in an eligible school attendance area when the proportion of children from low-income families in average daily attendance in such school is substantially equal to the proportion of such children in an eligible school attendance area of such agency.

"(5) If an eligible school attendance area or eligible school was so designated and served in accordance with subsection (a) in the immediately preceding fiscal year, it may continue to be so designated for the subsequent fiscal year even though it does not qualify as eligible under such subsection in such additional year.

"(6) With the approval of the State educational agency, eligible school attendance areas or eligible schools which have higher proportions or numbers of children from low-income families may be skipped if they are receiving, from non-Federal funds, services of the same nature and scope as would otherwise be provided under this part, except that (A) the number of children attending private elementary and secondary schools who receive services under this part shall be determined without regard to non-Federal compensatory education funds which serve eligible children in public elementary and secondary schools, and (B) children attending private elementary and secondary schools who receive assistance under this part shall be identified in accordance with this section and without regard to skipping public school attendance areas or schools under this paragraph.

"(c) ALLOCATIONS.—

"(1) Except as provided in paragraph (2), a local educational agency shall allocate funds under this part among project areas or schools on the basis of the number and needs of children to be served as determined in accordance with section 1014.

"(2) Children in eligible schools, who receive services under this part and subsequently become ineligible due to improved academic achievement attributable to such services, may continue to be considered eligible for 2 additional years only for the purpose of determining the allocation of funds among eligible schools under paragraph (1). Any funds so allocated shall be used to provide services to any children determined to be eligible under section 1014.

"SEC. 1014. ELIGIBLE CHILDREN.

Disadvantaged persons.
20 USC 2724.

"(a) GENERAL PROVISIONS.—

"(1) Except as provided in subsections (c) and (d) of this section and section 1015, a local educational agency shall use funds received under this part for educationally deprived children, identified in accordance with subsection (b) as having the greatest need for special assistance, in school attendance areas or schools satisfying the requirements of section 1013.

"(2) The eligible population for services under this part are—

"(A) those children up to age 21 who are entitled to a free public education through grade 12, and

"(B) those children who are not yet at a grade level where the local educational agency provides a free public education, yet are of an age at which they can benefit from an organized instructional program provided in a school or other educational setting.

"(b) ASSESSMENT OF EDUCATIONAL NEED.—A local educational agency may receive funds under this part only if it makes an assessment of educational needs each year to (1) identify educationally deprived children in all eligible attendance areas; (2) identify the general instructional areas on which the program will focus; (3) select those educationally deprived children who have the greatest need for special assistance, as identified on the basis of educationally related objective criteria established by the local educational agency, which include written or oral testing instruments, that are uniformly applied to particular grade levels throughout the local educational agency; and (4) determine the special educational needs (and library resource needs) of participating children with specificity sufficient to ensure concentration on such needs.

"(c) LOCAL EDUCATIONAL AGENCY DISCRETION.—(1) Educationally deprived children who begin participation in a program or project assisted under this part, in accordance with subsections (a) and (b) but who, in the same school year, are transferred to a school attendance area or school not receiving funds under this part, may, if the local agency so determines, continue to participate in a program or project funded under this part for the duration of that same school year.

"(2) In providing services under this part a local educational agency may skip educationally deprived children in greatest need of assistance who are receiving, from non-Federal sources, services of the same nature and scope as would otherwise be provided under this part.

"(3) A child who, in the previous year, was identified as being in greatest need of assistance, and who continues to be educationally deprived, but who is no longer identified as being in greatest need of assistance, may participate in a program or project assisted under this part while continuing to be educationally deprived for a maximum of 2 additional years.

"(d) SPECIAL RULES.—(1) Children receiving services to overcome a handicapping condition or limited English proficiency shall also be eligible to receive services under this part, if they have needs stemming from educational deprivation and not related solely to the handicapping condition or limited English proficiency. Such children shall be selected on the same basis as other children identified as eligible for and selected to receive services under this part. Funds under this part may not be used to provide services that are otherwise required by law to be made available to such children.

102 STAT. 153

102 STAT. 154

"(2) A student who at any time in the previous 2 years was receiving services under subpart 3 of part D of this chapter or under subpart 3 of part B of title I of the Elementary and Secondary Education Act (as amended by chapter 1 of the Education Consolidation and Improvement Act of 1981) shall be considered eligible for services under this part, and may be served subject to the provisions of subsections (a) and (b).

Disadvantaged persons.
20 USC 2725.

"SEC. 1015. SCHOOLWIDE PROJECTS.

"(a) USE OF FUNDS FOR SCHOOLWIDE PROJECTS.—In the case of any school serving an attendance area that is eligible to receive services under this part and in which, for the first year of the 3-year period of projects assisted under this section, not less than 75 percent of the children are from low-income families or any eligible school in which not less than 75 percent of the children enrolled in the school are from low-income families, the local educational agency may carry out a project under this part to upgrade the entire educational program in that school if the requirements of subsections (b), (c), (d), and (e) are met.

"(b) DESIGNATION OF SCHOOLS.—A school may be designated for a schoolwide project under subsection (a) if—

"(1) a plan has been developed for that school by the local educational agency and has been approved by the State educational agency which—

"(A) provides for a comprehensive assessment of educational needs of all students in the school, in particular the special needs of educationally deprived children;

"(B) establishes goals to meet the special needs of all students and to ensure that educationally deprived children are served effectively and demonstrate performance gains comparable to other students;

"(C) describes the instructional program, pupil services, and procedures to be used to implement those goals;

"(D) describes the specific uses of funds under this part as part of that program; and

"(E) describes how the school will move to implement an effective schools program as defined in section 1471, if appropriate;

"(2) the plan has been developed with the involvement of those individuals who will be engaged in carrying out the plan, including parents, teachers, librarians, education aides, pupil services personnel, and administrators (and secondary students if the plan relates to a secondary school);

"(3) the plan provides for consultation among individuals described in paragraph (2) as to the educational progress of all students and the participation of such individuals in the development and implementation of the accountability measures required by subsection (e);

"(4) appropriate training is provided to parents of children to be served, teachers, librarians, and other instructional, administrative, and pupil services personnel to enable them effectively to carry out the plan;

"(5) the plan includes procedures for measuring progress, as required by subsection (e), and describes the particular measures to be used; and

102 STAT. 155

"(6)(A) in the case of a school district in which there are one or more schools described in subsection (a) and there are also one or more other schools serving project areas, the local educational agency makes the Federal funds provided under this part available for children in such schools described in subsection (a) in amounts which, per educationally deprived child served, equal or exceed the amount of such funds made available per educationally deprived child served in such other schools; and

"(B) the average per pupil expenditure in schools described in subsection (a) (excluding amounts expended under a State compensatory education program) for the fiscal year in which the plan is to be carried out will not be less than such expenditure in such schools in the previous fiscal year, except that the cost of services for programs described in section 1018(d)(2)(A) shall be included for each fiscal year as appropriate only in proportion to the number of children in the building served in such programs in the year for which this determination is made.

"(c) APPROVAL OF PLAN; OPERATION OF PROJECT.—

"(1) The State educational agency shall approve the plan of any local educational agency for a schoolwide project if that plan meets the requirements of subsection (b).

"(2) For any school which has such a plan approved, the local educational agency—

"(A) shall, in order to carry out the plan, be relieved of any requirements under this part with respect to the commingling of funds provided under this chapter with funds available for regular programs;

"(B) shall use funds received under this part only to supplement, and to the extent practicable, increase the level of funds that would, in the absence of such Federal funds, be made available from non-Federal sources for the school approved for a schoolwide project under paragraph (1);

"(C) shall comply with the provisions of section 1018(c); and

"(D) may not be required to identify particular children as being eligible to participate in projects assisted under this part but shall identify educationally deprived children for purposes of subsections (b) and (e) of this section.

"(d) USE OF FUNDS.—In addition to uses under section 1011, funds may be used in schoolwide projects for—

"(1) planning and implementing effective schools programs, and

"(2) other activities to improve the instructional program and pupil services in the school, such as reducing class size, training staff and parents of children to be served, and implementing extended schoolday programs.

"(e) ACCOUNTABILITY.—

"(1) The State educational agency may grant authority for a local educational agency to operate a schoolwide project for a period of 3 years. If a school meets the accountability requirements in paragraphs (2) and (3) at the end of such period, as determined by the State educational agency, that school will be allowed to continue the schoolwide project for an additional 3-year period.

102 STAT. 156

"(2)(A) Except as provided in subparagraph (B), after 3 years, a school must be able to demonstrate (i) that the achievement level of educationally deprived children as measured according to the means specified in the plan required by subsection (b) exceeds the average achievement of participating children districtwide, or (ii) that the achievement of educationally deprived children in that school exceeds the average achievement of such children in that school in the 3 fiscal years prior to initiation of the schoolwide project.

"(B) For a secondary school, demonstration of lower dropout rates, increased retention rates, or increased graduation rates is acceptable in lieu of increased achievement, if achievement levels over the 3-year schoolwide project period, compared with the 3-year period immediately preceding the schoolwide project, do not decline.

"(3) Schools shall annually collect achievement and other assessment data for the purposes of paragraph (2). The results of achievement and other assessments shall be made available annually to parents, the public, and the State educational agency.

Public information.

"SEC. 1016. PARENTAL INVOLVEMENT.

20 USC 2726.

"(a) FINDINGS; GENERAL REQUIREMENT.—

"(1) Congress finds that activities by schools to increase parental involvement are a vital part of programs under this chapter.

"(2) Toward that end, a local educational agency may receive funds under this chapter only if it implements programs, activi-

ties, and procedures for the involvement of parents in programs assisted under this chapter. Such activities and procedures shall be planned and implemented with meaningful consultation with parents of participating children and must be of sufficient size, scope, and quality to give reasonable promise of substantial progress toward achieving the goals under subsection (b).

"(3) For purposes of this section, parental involvement includes, but is not limited to, parent input into the design and implementation of programs under this chapter, volunteer or paid participation by parents in school activities, and programs, training, and materials which build parents' capacity to improve their children's learning in the home and in school.

"(b) GOALS OF PARENTAL INVOLVEMENT.—In carrying out the requirements of subsection (a), a local educational agency shall, in coordination with parents of participating children, develop programs, activities, and procedures which have the following goals—

"(1) to inform parents of participating children of the program under this chapter, the reasons for their children's participation in such programs, and the specific instructional objectives and methods of the program;

"(2) to support the efforts of parents, including training parents, to the maximum extent practicable, to work with their children in the home to attain the instructional objectives of programs under this chapter and to understand the program requirements of this chapter and to train parents and teachers to build a partnership between home and school;

"(3) to train teachers and other staff involved in programs under this chapter to work effectively with the parents of participating students;

102 STAT. 157

"(4) to consult with parents, on an ongoing basis, concerning the manner in which the school and parents can better work together to achieve the program's objectives and to give parents a feeling of partnership in the education of their children;

"(5) to provide a comprehensive range of opportunities for parents to become informed, in a timely way, about how the program will be designed, operated, and evaluated, allowing opportunities for parental participation, so that parents and educators can work together to achieve the program's objectives; and

"(6) to ensure opportunities, to the extent practicable, for the full participation of parents who lack literacy skills or whose native language is not English.

"(c) MECHANISMS FOR PARENTAL INVOLVEMENT.—

Such policies shall be made available to parents of participating children.

"(2) Each local educational agency shall convene an annual meeting to which all parents of participating children shall be invited, to explain to parents the programs and activities provided with funds under this chapter. Such meetings may be districtwide or at the building level, as long as all such parents are given an opportunity to participate.

"SEC. 1017. PARTICIPATION OF CHILDREN ENROLLED IN PRIVATE SCHOOLS.

Disadvantaged persons.
20 USC 2727.

"(a) GENERAL REQUIREMENTS.—To the extent consistent with the number of educationally deprived children in the school district of the local educational agency who are enrolled in private elementary and secondary schools, such agency shall, after timely and meaningful consultation with appropriate private school officials, make provisions for including special educational services and arrangements (such as dual enrollment, educational radio and television, computer equipment and materials, other technology, and mobile educational services and equipment) in which such children can participate and which meet the requirements of sections 1011(a), 1012(b)(1), 1013, 1014, and 1018(b). Expenditures for educational services and arrangements pursuant to this section for educationally deprived children in private schools shall be equal (taking into account the number of children to be served and the special educational needs of such children) to expenditures for children enrolled in the public schools of the local educational agency.

"(b) BYPASS PROVISION.—

"(1) If a local educational agency is prohibited by law from providing for the participation in special programs for educationally deprived children enrolled in private elementary and secondary schools as required by subsection (a), the Secretary shall waive such requirements, and shall arrange for the provision of services to such children through arrangements which shall be subject to the requirements of subsection (a).

"(2) If the Secretary determines that a local educational agency has substantially failed to provide for the participation on an equitable basis of educationally deprived children enrolled in private elementary and secondary schools as required by subsection (a), the Secretary shall arrange for the provision

of services to such children through arrangements which shall be subject to the requirements of subsection (a), upon which determination the provisions of subsection (a) shall be waived.

"(3)(A) The Secretary shall develop and implement written procedures for receiving, investigating, and resolving complaints from parents, teachers, or other concerned organizations or individuals concerning violations of this section. The Secretary shall investigate and resolve each such complaint within 120 days after receipt of the complaint.

102 STAT. 159

"(B) When the Secretary arranges for services pursuant to this subsection, the Secretary shall, after consultation with the appropriate public and private school officials, pay to the provider the cost of such services, including the administrative cost of arranging for such services, from the appropriate allocation or allocations under this chapter.

"(C) Pending final resolution of any investigation or complaint that could result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State or local educational agency the amount the Secretary estimates would be necessary to pay the cost of such services.

"(D) Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the local educational agency to meet the requirements of subsection (a).

"(4)(A) The Secretary shall not take any final action under this subsection until the State educational agency and local educational agency affected by such action have had an opportunity, for at least 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or a designee to show cause why such action should not be taken.

"(B) If a State or local educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A) of this paragraph, it may, within 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary's action was based, as provided in section 2112 of title 28, United States Code.

"(C) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

"(D) Upon the filing of a petition under subparagraph (B), the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

"(c) PRIOR DETERMINATION.—Any bypass determination by the Secretary under title I of the Elementary and Secondary Education Act of 1965, as in effect prior to July 1, 1988, or chapter 1 of the Education Consolidation and Improvement Act of 1981 shall remain in effect to the extent consistent with the purposes of this chapter.

"(d) CAPITAL EXPENSES.—

"(1) A local educational agency may apply to the State educational agency for payments for capital expenses consistent with the provisions of this subsection. State educational agen-

cies shall distribute funds to local educational agencies based on the degree of need as set forth in the application. Such an application shall contain information on such capital expenses by fiscal year and shall contain an assurance that any funds received pursuant to this subsection shall be used solely for purposes of the program authorized by this chapter. 102 STAT. 160

"(2)(A) From the amount appropriated for the purposes of this subsection for any fiscal year, the amount which each State shall be eligible to receive shall be an amount which bears the same ratio to the amount appropriated as the number of children enrolled in private schools who were served under chapter 1 of the Education Consolidation and Improvement Act of 1981 in the State during the period July 1, 1984 through June 30, 1985, bears to the total number of such children served during such period in all States.

"(B) Amounts which are not used by a State for the purposes of this subsection shall be reallocated by the Secretary among other States on the basis of need.

"(3) There is authorized to be appropriated $30,000,000 for fiscal year 1988, $40,000,000 for the fiscal year 1989, and such sums as may be necessary for each of the fiscal years 1990, 1991, 1992, and 1993. Any sums appropriated under this provision shall be used for increases in capital expenses paid from funds under chapter 1 of the Education Consolidation and Improvement Act or this section subsequent to July 1, 1985, of local educational agencies in providing the instructional services required under section 557 of the Education Consolidation and Improvement Act and this section, when without such funds, services to private schoolchildren would have been or have been reduced or would be reduced or adversely affected. Appropriation authorization.

"(4) For the purposes of this subsection, the term 'capital expenses' is limited to expenditures for noninstructional goods and services such as the purchase, lease and renovation of real and personal property (including but not limited to mobile educational units and leasing of neutral sites or space), insurance and maintenance costs, transportation, and other comparable goods and services.

"SEC. 1018. FISCAL REQUIREMENTS. 20 USC 2728.

"(a) MAINTENANCE OF EFFORT.—

"(1) Except as provided in paragraph (2), a local educational agency may receive funds under this chapter for any fiscal year only if the State educational agency finds that either the combined fiscal effort per student or the aggregate expenditures of that agency and the State with respect to the provision of free public education by that agency for the preceding fiscal year was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

"(2) The State educational agency shall reduce the amount of the allocation of funds under this chapter in any fiscal year in the exact proportion to which a local educational agency fails to meet the requirement of paragraph (1) by falling below 90 percent of both the combined fiscal effort per student and aggregate expenditures (using the measure most favorable to such local agency), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years. 102 STAT. 161

"(3) Each State educational agency may waive, for 1 fiscal year only, the requirements of this subsection if the State educational agency determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency.

"(b) FEDERAL FUNDS TO SUPPLEMENT, NOT SUPPLANT REGULAR NON-FEDERAL FUNDS.—A State educational agency or other State agency in operating its State level programs or a local educational

agency may use funds received under this chapter only so as to supplement and, to the extent practicable, increase the level of funds that would, in the absence of such Federal funds, be made available from non-Federal sources for the education of pupils participating in programs and projects assisted under this chapter and in no case may such funds be so used as to supplant such funds from such non-Federal sources. In order to demonstrate compliance with this subsection, no State educational agency, other State agency, or local educational agency shall be required to provide services under this chapter through use of a particular instructional method or in a particular instructional setting.

"(c) COMPARABILITY OF SERVICES.—

"(1) A local educational agency may receive funds under this chapter only if State and local funds will be used in the district of such agency to provide services in project areas which, taken as a whole, are at least comparable to services being provided in areas in such district which are not receiving funds under this chapter. Where all school attendance areas in the district of the agency are designated as project areas, the agency may receive such funds only if State and local funds are used to provide services which, taken as a whole, are substantially comparable in each project area.

"(2)(A) A local educational agency shall be considered to have met the requirements of paragraph (1) if it has filed with the State educational agency a written assurance that it has established and implemented—

"(i) a districtwide salary schedule;

"(ii) a policy to ensure equivalence among schools in teachers, administrators, and auxiliary personnel; and

"(iii) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies.

"(B) Unpredictable changes in student enrollment or personnel assignments which occur after the beginning of a school year shall not be included as a factor in determining comparability of services.

Records.

"(3) Each educational agency shall develop procedures for compliance with the provisions of this subsection, and shall annually maintain records documenting compliance. Each State educational agency shall monitor the compliance of local educational agencies within the States with respect to the requirements of this subsection.

"(B) A State or local program meets the requirements of this subparagraph if it is similar to programs assisted under this part. The Secretary shall consider a State or local program to be similar to programs assisted under this part if—

"(i) all children participating in the program are educationally deprived,

"(ii) the program is based on similar performance objectives related to educational achievement and is evaluated in a manner consistent with those performance objectives,

"(viii) State funds made available for the phase-in program will supplement, and not supplant, State and local funds which would, in the absence of the phase-in program, have been provided for schools participating in such program;

"(ix) the local educational agency is separately accountable, for purposes of compliance with the clauses of this subparagraph, to the State educational agency for any funds expended for such program; and

"(x) the local educational agencies carrying out the program are complying with the clauses of this subparagraph and the State educational agency is complying with applicable provisions of this paragraph.

"(3) The Secretary shall make an advance determination of whether or not a State program meets the requirements of this subsection. The Secretary shall require each State educational agency to submit the provisions of State law together with implementing rules, regulations, orders, guidelines, and interpretations which are necessary for an advance determina-

"SEC. 1401. PAYMENT METHODS. 20 USC 2821.

"The Secretary shall, from time to time, pay to each State, in advance or otherwise, the amount which it and the local educational agencies of that State are eligible to receive under this chapter. Such payments shall take into account the extent (if any) to which any previous payment to such State educational agency under this chapter or chapter 1 of the Education Consolidation and Improvement Act of 1981 (whether or not in the same fiscal year) was greater or less than the amount which should have been paid to it.

"SEC. 1402. AMOUNT OF PAYMENTS TO LOCAL EDUCATIONAL AGENCIES. 20 USC 2822.

"From the funds paid to it pursuant to section 1401 each State educational agency shall distribute to each local educational agency of the State which is eligible to receive a grant under this chapter and which has submitted an application approved pursuant to section 1012 the amount for which such application has been approved, and the amount which the local educational agency is eligible to receive under sections 1053 and 1102 except that the amount shall not exceed the amount determined for that local educational agency under this chapter.

"SEC. 1403. ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS. 20 USC 2823.

"(a) ADJUSTMENT ALLOCATION.—If the sums appropriated for any fiscal year for making the payments provided for in this chapter are not sufficient to pay in full the total amounts which all local and State educational agencies are entitled to receive under this chapter for such year, the amount available for each grant to a State agency eligible for a grant under subpart 1, 2, or 3 of part D shall be equal to the total amount of the grant as computed under each such subpart. If the remainder of such sums available after the application of the preceding sentence is not sufficient to pay in full the total Grants.

amounts which all local educational agencies are entitled to receive
102 STAT. 187 under subpart 1 of part A of this chapter for such year, the allocations to such agencies shall, subject to section 1006(c) and to adjustments under the next sentence, be ratably reduced to the extent necessary to bring the aggregate of such allocations within the limits of the amount so appropriated. The allocation of a local educational agency which would be reduced under the preceding sentence to less than 85 percent of its allocation under subpart 1 of the part A for the preceding fiscal year, shall be increased to such amount, the total of the increases thereby required being derived by proportionately reducing the allocations of the remaining local educational agencies, under the preceding sentence, but with such adjustments as may be necessary to prevent the allocation to any remaining local educational agency from being thereby reduced to less than 85 percent of its allocation for such year.

"(b) ADDITIONAL FUNDS ALLOCATION.—(1) If additional funds become available for making payments under this chapter for that year, allocations that were reduced pursuant to subsection (a) shall be increased on the same basis as they were reduced.

"(2) In order to permit the most effective use of all appropriations made to carry out this chapter, the Secretary may set dates by which (A) State educational agencies must certify to the Secretary the amounts for which the applications of educational agencies have been or will be approved by the State, and (B) State educational agencies referred to in subpart 1 of part D must file applications. If the maximum grant a local educational agency would receive (after any ratable reduction which may have been required under the first sentence of subsection (a) of this section) is more than an amount which the State educational agency determines, in accordance with regulations prescribed by the Secretary, such agency will use, the excess amount shall be made available first to educational agencies in that State. Determinations of the educational agencies to which such excess amounts shall be made available by the State educational agency in furtherance of the purposes of this chapter shall be in accordance with criteria prescribed by the Secretary which are designed to assure that such excess amounts will be made available to other eligible educational agencies with the greatest need, for the purpose of, where appropriate, redressing inequities inherent in, or mitigating hardships caused by, the application of the provisions of section 1005(a) as a result of such factors as population shifts and changing economic circumstances. In the event excess amounts remain after carrying out the preceding 2 sentences of this section, such excess amounts shall be distributed among the other States as the Secretary shall prescribe for use by local educational agencies in such States for the purposes of this chapter in such manner as the respective State educational agencies shall prescribe.

"(2) State and local governments have placed a new focus on education;

"(3) school effectiveness can be increased through effective schools programs to improve student achievement, student behavior, teaching, learning, and school management; and

"(4) teachers make a significant and positive contribution to the education of our Nation's students, and local educational agencies are encouraged to recognize this contribution.

"(b) STATEMENT OF PURPOSE.—It is the purpose of programs under this chapter—

"(3) to meet the special educational needs of at risk and high cost students, as described in section 1531(b);

"(c) STATE AND LOCAL RESPONSIBILITY.—The basic responsibility for the administration of funds made available under this chapter is in the State educational agencies, but it is the intent of Congress that this responsibility be carried out with a minimum of paperwork and that the responsibility for the design and implementation of programs assisted under this chapter will be mainly that of local educational agencies, school superintendents and principals, and classroom teachers and supporting personnel, because they have the most direct contact with students and are most directly responsible to parents and because they are the most likely to be able to design programs to meet the educational needs of students in their own districts.

"(a) PAYMENTS.—The Secretary shall, in accordance with the provisions of this section, make payments to State educational agencies for each of the fiscal years 1985 through 1993 for the purpose set forth in section 4407.

"(b) ENTITLEMENTS.—(1) Except as provided in paragraph (3) and in subsections (c) and (d) of this section, the amount of the grant to which a State educational agency is entitled under this part shall be equal to the product of (A) the number of immigrant children enrolled during such fiscal year in elementary and secondary public schools under the jurisdiction of each local educational agency described under paragraph (2) within that State, and in any elementary or secondary nonpublic school within the district served by each such local educational agency, multiplied by (B) $500.

"(B) No reduction of a grant under this part shall be made under subparagraph (A) for any fiscal year if a reduction is made, pursuant to a comparable provision in any such other Federal law, in the amount made available for expenditure in the State for such fiscal year under such other Federal law, based on the amount assumed to be available under this part.

"(c) DETERMINATIONS OF NUMBER OF CHILDREN.—(1) Determinations by the Secretary under this section for any period with respect to the number of immigrant children shall be made on the basis of data or estimates provided to the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

"(2) No such determination with respect to the number of immigrant children shall operate because of an underestimate or overestimate to deprive any State educational agency of its entitlement to any payment (or the amount thereof) under this section to which such agency would be entitled had such determination been made on the basis of accurate data.

"(d) REALLOCATION.—Whenever the Secretary determines that any amount of a payment made to a State under this part for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to 1 or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from an appropriation for a fiscal year in accordance with the preceding sentence shall, for purposes of this part, be regarded as part of such State's payment (as determined under subsection (b)) for such year, but shall remain available until the end of the succeeding fiscal year.

"TITLE VII—BILINGUAL EDUCATION PROGRAMS

Bilingual Education Act

"SEC. 7001. SHORT TITLE. 20 USC 3281

"This title may be cited as the 'Bilingual Education Act'.

"SEC. 7002. POLICY; APPROPRIATIONS. 20 USC 3282

"(a) POLICY.—Recognizing—

"(1) that there are large and growing numbers of children of limited English proficiency;

"(2) that many of such children have a cultural heritage which differs from that of English proficient persons;

"(3) that the Federal Government has a special and continuing obligation to assist in providing equal educational opportunity to limited English proficient children;

"(4) that, regardless of the method of instruction, programs which serve limited English proficient students have the equally important goals of developing academic achievement and English proficiency;

"(5) that the Federal Government has a special and continuing obligation to assist language minority students to acquire the English language proficiency that will enable them to become full and productive members of society;

"(6) that the instructional use and development of a child's non-English native language promotes student self-esteem, subject matter achievement, and English-language acquisition;

"(7) that a primary means by which a child learns is through the use of such child's native language and cultural heritage;

"(8) that, therefore, large numbers of children of limited English proficiency have educational needs which can be met by the use of bilingual educational methods and techniques;

"(9) that in some school districts establishment of bilingual education programs may be administratively impractical due to the presence of small numbers of students of a particular native language or because personnel who are qualified to provide bilingual instructional services are unavailable;

"(10) that States and local school districts should be encouraged to determine appropriate curricula for limited English proficient students within their jurisdictions and to develop and implement appropriate instructional programs;

"(11) that children of limited English proficiency have a high dropout rate and low median years of education;

"(12) that the segregation of many groups of limited English proficient students remains a serious problem;

"(13) that reliance on student evaluation procedures which are inappropriate for limited English proficient students have resulted in the disproportionate representation of limited English proficient students in special education, gifted and talented, and other special programs; 102 STAT. 275

"(14) that there is a serious shortage of teachers and educational personnel who are professionally trained and qualified to serve children of limited English proficiency;

"(15) that many schools fail to meet the full instructional needs of limited English proficient students who also may be handicapped or gifted and talented;

"(16) that both limited English proficient children and children whose primary language is English can benefit from bilingual education programs, and that such programs help develop our national linguistic resources and promote our international competitiveness;

"(17) that research, evaluation, and data collection capabilities in the field of bilingual education need to be strengthened so as to better identify and promote those programs and instructional practices which result in effective education;

"(18) that parent and community participation in bilingual

education programs contributes to program effectiveness; and

"(19) that because of limited English proficiency, many adults are not able to participate fully in national life, and that limited English proficient parents are often not able to participate effectively in their children's education,

the Congress declares it to be the policy of the United States, in order to establish equal educational opportunity for all children and to promote educational excellence (A) to encourage the establishment and operation, where appropriate, of educational programs using bilingual educational practices, techniques, and methods, (B) to encourage the establishment of special alternative instructional programs for students of limited English proficiency in school districts where the establishment of bilingual education programs is not practicable or for other appropriate reasons, and (C) for those purposes, to provide financial assistance to local educational agencies, and, for certain related purposes, to State educational agencies, institutions of higher education, and community organizations. The programs assisted under this title include programs in elementary and secondary schools as well as related preschool and adult programs which are designed to meet the educational needs of individuals of limited English proficiency, with particular attention to children having the greatest need for such programs. Such programs shall be designed to enable students to achieve full competence in English and to meet school grade-promotion and graduation requirements. Such programs may additionally provide for the development of student competence in a second language.

20 USC 4821.

SEC. 3221. FINDINGS AND PURPOSE.

(4) effective approaches to more fully involving families as partners in their children's education should be encouraged as a matter of Federal policy.

Such amount shall be reduced in whole or in part by an amount that is proportionate to the extent the mitigating circumstances caused the violation.

"(2) For the purpose of paragraph (1), an identifiable Federal interest includes, but is not limited to, serving only eligible beneficiaries; providing only authorized services or benefits; complying with expenditure requirements and conditions (such as set-aside, excess cost, maintenance of effort, comparability, supplement-not-supplant, and matching requirements); preserving the integrity of planning, application, recordkeeping, and reporting requirements; and maintaining accountability for the use of funds.

"(A) the written request for guidance accurately described the proposed expenditure or practice and included the facts necessary for a determination of its legality; and

"(B) the written request for guidance contained a certification by the chief legal officer of the State educational agency that such officer had examined the proposed expenditure or practice and believed the proposed expenditure or practice was permissible under then applicable State and Federal law; and

"(C) the State or local educational agency reasonably believed that the proposed expenditure or practice was permissible under then applicable State and Federal law.

"(6) The Secretary shall disseminate to State educational agencies responses to written requests for guidance, described in paragraph (5), that reflect significant interpretations of applicable law or policy.

SEC. 5108. ADMINISTRATIVE COST.

(a) IN GENERAL.—The Education Amendments of 1978 (25 U.S.C. 2008) is amended by inserting after section 1128 (25 U.S.C. 2008) the following new section:

"ADMINISTRATIVE COST GRANTS

25 USC 2008a.

"SEC. 1128A. (a)(1) The Secretary shall, subject to the availability of appropriated funds, provide grants to each tribe or tribal organization operating a contract school in the amount determined under this section with respect to the tribe or tribal organization for the purpose of paying the administrative and indirect costs incurred in operating contract schools in order to—

"(A) enable tribes and tribal organizations operating such schools, without reducing direct program services to the beneficiaries of the program, to provide all related administrative overhead services and operations necessary to meet the requirements of law and prudent management practice, and

102 STAT. 370

"(B) carry out other necessary support functions which would otherwise be provided by the Secretary or other Federal officers or employees, from resources other than direct program funds, in support of comparable Bureau operated programs.

"(2) Amounts appropriated to fund the grants provided under this section shall be in addition to, and shall not reduce, the amounts appropriated for the program being administered by the contract schools.

"(b)(1) The amount of the grant provided to each tribe or tribal organization under this section for each fiscal year shall be determined by applying the administrative cost percentage rate of the tribe or tribal organization to each of the direct cost education programs operated by the tribe or tribal organization for which funds are received from or through the Bureau.

"(2) The Secretary shall—

"(A) reduce the amount of the grant determined under paragraph (1) to the extent that payments for administrative costs are actually received by an Indian tribe or tribal

organization under any Federal education program included in the direct cost base of the tribe or tribal organization, and

"(B) take such actions as may be necessary to be reimbursed by any other department or agency of the Federal Government for the portion of grants made under this section for the costs of administering any program for Indians that is funded by appropriations made to such other department or agency.

"(c) For purposes of this section, the administrative cost percentage rate for a contract school for a fiscal year is equal to the percentage determined by dividing—

"(1) the sum of—

"(A) the amount equal to—

"(i) the direct cost base of the tribe or tribal organization for the fiscal year, multiplied by

"(ii) the minimum base rate, plus

"(B) the amount equal to—

"(i) the standard direct cost base, multiplied by

"(ii) the maximum base rate, by

"(2) the sum of—

"(A) the direct cost base of the tribe or tribal organization for the fiscal year, plus

"(B) the standard direct cost base.

The administrative cost percentage rate shall be determined to the one hundredth of a decimal point.

"(d)(1)(A) Funds received by a contract school as grants under this section for tribal elementary or secondary educational programs may be combined by the contract school into a single administrative cost account without the necessity of maintaining separate funding source accounting.

"(B) Indirect cost funds for programs at the school which share common administrative services with tribal elementary or secondary educational programs may be included in the administrative cost account described in subparagraph (A).

"(2) Funds received as grants under this section with respect to tribal elementary or secondary education programs shall remain 102 STAT. 371
available to the contract school without fiscal year limitation and without diminishing the amount of any grants otherwise payable to the school under this section for any fiscal year beginning after the fiscal year for which the grant is provided.

"(3) Funds received as grants under this section for Bureau funded programs operated by a tribe or tribal organization under a contract or agreement shall not be taken into consideration for purposes of indirect cost underrecovery and overrecovery determinations by any Federal agency for any other funds, from whatever source derived.

"(e) For purposes of this section—

"(1)(A) The term 'administrative cost' means the costs of necessary administrative functions which—

"(i) the tribe or tribal organization incurs as a result of operating a tribal elementary or secondary educational program,

"(ii) are not customarily paid by comparable Bureau operated programs out of direct program funds, and

"(iii) are either—

"(I) normally provided for comparable Bureau programs by Federal officials using resources other than Bureau direct program funds, or

"(II) are otherwise required of tribal self-determination program operators by law or prudent management practice.

"(B) The term 'administrative cost' may include, but is not necessarily limited to—

"(i) contract (or other agreement) administration;

"(ii) executive, policy, and corporate leadership and decisionmaking;

"(iii) program planning, development, and management;

"(iv) fiscal, personnel, property, and procurement management;

"(v) related office services and record keeping; and

"(vi) costs of necessary insurance, auditing, legal, safety and security services.

"(2) The term 'Bureau elementary and secondary functions' means—

"(A) all functions funded at Bureau schools by the Office of Indian Education Programs of the Bureau;

"(B) all programs—

"(i) funds for which are appropriated to other agencies of the Federal Government, and

"(ii) which are administered for the benefit of Indians through Bureau schools; and

"(C) all operation, maintenance, and repair funds for facilities and government quarters used in the operation or support of elementary and secondary education functions for the benefit of Indians, from whatever source derived.

"(3) The term 'tribal elementary or secondary educational programs' means all Bureau elementary and secondary functions, together with any other Bureau programs or portions of programs (excluding funds for social services that are appropriated to agencies other than the Bureau and are expended through the Bureau, funds for major subcontracts, construction, and other major capital expenditures, and unexpended funds carried over from prior years) which share common administrative cost functions, that are operated directly by a tribe or tribal organization under a contract or agreement with the Bureau.

102 STAT. 372

"(4)(A) Except as otherwise provided in this paragraph, the direct cost base of a tribe or tribal organization for the fiscal year is the aggregate direct cost program funding for all tribal elementary or secondary educational programs operated by the tribe or tribal organization during—

"(i) the second fiscal year preceding such fiscal year, or

"(ii) if such programs have not been operated by the tribe or tribal organization during the 2 preceding fiscal years, the first fiscal year preceding such fiscal year.

"(B) In the case of Bureau elementary or secondary education functions which have not previously been operated by a tribe or tribal organization under contract or agreement with the Bureau, the direct cost base for the initial year shall be the projected aggregate direct cost program funding for all Bureau elementary and secondary functions to be operated by the tribe or tribal organization during that fiscal year.

"(5) The term 'maximum base rate' means 50 percent.

"(6) The term 'minimum base rate' means 11 percent.

"(7) The term 'standard direct cost base' means $600,000.

"(f)(1) Upon the enactment of the Indian Education Amendments of 1988, the Secretary shall—

"(A) conduct such studies as may be needed to establish an empirical basis for determining relevant factors substantially affecting the required administrative costs of tribal elementary and secondary educational programs, using the formula set forth in subsection (c), and

"(B) a study to determine—

"(i) a maximum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the smallest tribal elementary or secondary educational programs,

"(ii) a minimum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the largest tribal elementary or secondary educational programs, and

"(iii) a standard direct cost base which is the aggregate direct cost funding level for which the percentage determined under subsection (c) will—

"(I) be equal to the median between the maximum base rate and the minimum base rate, and

"(II) ensure that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of tribal elementary or secondary educational programs closest to the size of the program.

"(2) The studies required under paragraph (1) shall—

"(A) be conducted in full consultation (in accordance with section 1130) with—

"(i) the tribes and tribal organizations that are affected by the application of the formula set forth in subsection (c), and

102 STAT. 373

"(ii) all national and regional Indian organizations of which such tribes and tribal organizations are typically members;

"(B) be conducted on-site at a representative statistical sample of the tribal elementary or secondary educational programs under a contract entered into with a nationally reputable public accounting and business consulting firm;

"(C) take into account the availability of skilled labor, commodities, business and automatic data processing services, related Indian preference and Indian control of education requirements, and any other market factors found substantially to affect the administrative costs and efficiency of each such tribal elementary or secondary educational program studied in order to assure that all required administrative activities can reasonably be delivered in a cost effective manner for each such program, given an administrative cost allowance generated by the values, percentages, or other factors found in the studies to be relevant in such formula;

"(D) identify, and quantify in terms of percentages of direct program costs, any general factors arising from geographic isolation, or numbers of programs administered, independent of program size factors used to compute a base administrative cost percentage in such formula; and

"(E) identify any other incremental cost factors substantially affecting the costs of required administrative cost functions at any of the tribal elementary or secondary educational programs studied and determine whether the factors are of general applicability to other such programs, and (if so) how they may effectively be incorporated into such formula.

"(3) Determinations described in paragraph (2)(C) shall be based on what is pragmatically possible to do at each location studied, given prudent management practice, irrespective of whether required administrative services were actually or fully delivered at these sites, or other services were delivered instead, during the period of the study.

"(4) Upon completion of the studies conducted under paragraph (1), but in no case later than October 1, 1989, the Secretary shall submit to the Congress a report on the findings of the studies, together with determinations based upon such findings that would affect the definitions of terms used in the formula that is set forth in subsection (c). Reports.

"(5) The Secretary shall include in the Bureau's justification for each appropriations request for each fiscal year beginning after fiscal year 1989, a projection of the overall costs associated with the formula set forth in subsection (c) for all tribal elementary or secondary educational programs which the Secretary expects to be funded in the fiscal year for which the appropriations are sought.

"(6) For purposes of this subsection, the size of tribal elementary or secondary educational programs is determined by the aggregate

direct cost program funding level for all Bureau funded programs which share common administrative cost functions.

Appropriation authorization.

"(g)(1) There are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out the provisions of this section.

"(2) If the total amount of funds necessary to provide grants to tribes and tribal organizations in the amounts determined under subsection (b) for a fiscal year exceeds the amount of funds appropriated to carry out this section for such fiscal year, the Secretary shall reduce the amount of each grant determined under subsection (b) for such fiscal year by an amount that bears the same relationship to such excess as the amount of such grant determined under subsection (b) bears to the total of all grants determined under subsection (b) for all tribes and tribal organizations for such fiscal year.

102 STAT. 374

"(h)(1) Notwithstanding any other provision of this section, the amount of the grants provided under this section for fiscal year 1989 shall—

"(A) in lieu of being determined under subsection (b), be determined for each tribal elementary or secondary educational program on the same basis that indirect costs were determined for such programs for fiscal year 1988, and

"(B) be subject to the provisions of subsection (d).

"(2) Notwithstanding any other provision of this section, the amount of the grant provided under this section for fiscal year 1990 with respect to each tribal elementary and secondary educational program that was operated by a tribe or tribal organization in fiscal year 1989 shall be equal to—

"(A) if the amount of the grant determined under subsection (b) for fiscal year 1990 with respect to such program exceeds the amount received by the tribe or tribal organization with respect to such program for administrative costs for fiscal year 1988 (or fiscal year 1989 if such program was not operated by the tribe or tribal organization during fiscal year 1988), the sum of—

"(i) such amount received, plus

"(ii) one-third of the excess of—

"(I) such amount determined under subsection (b), over

"(II) such amount received, or

"(B) if such amount received exceeds such amount determined under subsection (b), the excess of—

"(i) such amount received, over

"(ii) an amount equal to one-third of the excess of—

"(I) such amount received, over

"(II) such amount determined under subsection (b).

"(3) Notwithstanding any other provision of this section, the amount of the grants provided under this section for fiscal year 1991 with respect to each tribal elementary and secondary educational program that was operated by a tribe or tribal organization in fiscal year 1989 shall be equal to—

"(A) if the amount of the grant determined under subsection (b) for fiscal year 1991 with respect to such program exceeds the amount received by the tribe or tribal organization with respect to such program for administrative costs for fiscal year 1990, the sum of—

"(i) such amount received, plus

"(ii) one-half of the excess of—

"(I) such amount determined under subsection (b), over

"(II) such amount received, or

"(B) if such amount received exceeds such amount determined under subsection (b), the excess of—

"(i) such amount received, over

"(ii) an amount equal to one-half of the excess of—

"(I) such amount received over,

"(II) such amount determined under subsection (b).".

Such training shall be conducted through the same organizations through which, and in the same manner in which, the training was conducted in fiscal year 1986. If the contract for such training is not awarded before May 1 of each fiscal year, the contract under which such training was provided for the fiscal year preceding such fiscal year shall be renewed by the Secretary for such fiscal year. The agenda for the training sessions shall be established by the school boards through their regional or national organizations. Contracts.

"(B) For each year in which the Secretary uses a weighted unit formula established under subsection (a) to fund Bureau schools, a Bureau school which generates less than 168 weighted units shall receive an additional 2 weighted units to defray school board activities.

"(C) From the funds allotted in accordance with the formula established under subsection (a) for each Bureau school, the local school board of such school may reserve an amount which does not exceed the greater of—

"(i) $4,000, or

"(ii) 2 percent of such allotted funds,

for school board activities for such school, including but not limited to, and notwithstanding any other provision of law, meeting expenses and the cost of membership in, and support of, organizations engaged in activities on behalf of Indian education.".

PART B—TRIBALLY CONTROLLED SCHOOL GRANTS

Tribally Controlled Schools Act of 1988. 25 USC 2501 note.

SEC. 5201. SHORT TITLE.

This part may be cited as the "Tribally Controlled Schools Act of 1988".

SEC. 5202. FINDINGS. 25 USC 2501.

The Congress, after careful review of the Federal Government's historical and special legal relationship with, and resulting responsibilities to, Indians, finds that—

(1) the Indian Self-Determination and Education Assistance Act, which was a product of the legitimate aspirations and a recognition of the inherent authority of Indian nations, was and is a crucial positive step towards tribal and community control;

(2) the Bureau of Indian Affairs' administration and domination of the contracting process under such Act has not provided the full opportunity to develop leadership skills crucial to the realization of self-government, and has denied to the Indian people an effective voice in the planning and implementation of programs for the benefit of Indians which are responsive to the true needs of Indian communities;

(3) Indians will never surrender their desire to control their relationships both among themselves and with the non-Indian governments, organizations, and persons;

(4) true self-determination in any society of people is dependent upon an educational process which will ensure the development of qualified people to fulfill meaningful leadership roles;

(5) the Federal administration of education for Indian children has not effected the desired level of educational achieve-

ment nor created the diverse opportunities and personal satisfaction which education can and should provide;

(6) true local control requires the least possible Federal interference; and

(7) the time has come to enhance the concepts made manifest in the Indian Self-Determination and Education Assistance Act.

25 USC 2502.

SEC. 5203. DECLARATION OF POLICY.

(a) RECOGNITION.—The Congress recognizes the obligation of the United States to respond to the strong expression of the Indian people for self-determination by assuring maximum Indian participation in the direction of educational services so as to render such services more responsive to the needs and desires of those communities.

(b) COMMITMENT.—The Congress declares its commitment to the maintenance of the Federal Government's unique and continuing trust relationship with and responsibility to the Indian people through the establishment of a meaningful Indian self-determination policy for education which will deter further perpetuation of Federal bureaucratic domination of programs.

(c) NATIONAL GOAL.—The Congress declares that a major national goal of the United States is to provide the resources, processes, and structures which will enable tribes and local communities to effect the quantity and quality of educational services and opportunities which will permit Indian children to compete and excel in the life areas of their choice, and to achieve the measure of self-determination essential to their social and economic well-being.

102 STAT. 386

(d) EDUCATIONAL NEEDS.—The Congress affirms the reality of the special and unique educational needs of Indian peoples, including the need for programs to meet the linguistic and cultural aspirations of Indian tribes and communities. These may best be met through a grant process.

(e) FEDERAL RELATIONS.—The Congress declares its commitment to these policies and its support, to the full extent of its responsibility, for Federal relations with the Indian Nations.

(f) TERMINATION.—The Congress hereby repudiates and rejects House Concurrent Resolution 108 of the 83rd Congress and any policy of unilateral termination of Federal relations with any Indian Nation.

25 USC 2503.

(C) If funds allocated to a tribally controlled school under chapter 1 of title I of the Elementary and Secondary Education Act of 1965, the Education of the Handicapped Act, or any Federal education law other than title XI of the Education Amendments of 1978 are included in a grant provided under this part, a portion of the grant equal to the amount of the funds allocated under such law shall be expended only for those activities for which funds provided under such law may be expended under the terms of such law.

(d) NO REQUIREMENT TO ACCEPT GRANTS.—Nothing in this part may be construed—

(1) to require a tribe or tribal organization to apply for or accept, or

(2) to allow any person to coerce any tribe or tribal organization into applying for, or accepting,

a grant under this part to plan, conduct, and administer all of, or any portion of, any Bureau program. Such applications, and the timing of such applications, shall be strictly voluntary. Nothing in this part may be construed as allowing or requiring any grant with any entity other than the entity to which the grant is provided.

Voluntarism.

(e) NO EFFECT ON FEDERAL RESPONSIBILITY.—Grants provided under this part shall not terminate, modify, suspend, or reduce the responsibility of the Federal Government to provide a program.

(f) RETROCESSION.—Whenever an Indian tribe requests retrocession of any program for which assistance is provided under this part, such retrocession shall become effective upon a date specified by the Secretary not more than 120 days after the date on which the tribe requests the retrocession, or such later date as may be mutually agreed upon by the Secretary and the tribe. If such a program is retroceded, the Secretary shall provide to any Indian tribe served by such program at least the same quantity and quality of services that would have been provided under such program at the level of funding provided under this part prior to the retrocession.

(g) NO TERMINATION FOR ADMINISTRATIVE CONVENIENCE.—Grants provided under this Act may not be terminated, modified, suspended, or reduced only for the convenience of the administering agency.

25 USC 2504.

Subpart 1—Financial Assistance to Local Educational Agencies for the Education of Indian Children

25 USC 2601.

SEC. 5311. DECLARATION OF POLICY.

In recognition of the special educational and culturally related academic needs of Indian students in the United States, Congress hereby declares it to be the policy of the United States to provide financial assistance to local educational agencies to develop and

carry out elementary and secondary school programs specially designed to meet these special educational and culturally related academic needs, or both. 102 STAT. 396

SEC. 5312. GRANTS TO LOCAL EDUCATIONAL AGENCIES. 25 USC 2602.

(a) IN GENERAL.—The Secretary shall, in order to effectuate the policy set forth in section 5311, carry out a program of making grants to local educational agencies which are entitled to payments under this subpart and which have submitted, and have had approved, applications therefor, in accordance with the provisions of this subpart.

(b) AMOUNT OF GRANTS.—

(1)(A) For any fiscal year for which appropriations are authorized under section 5316 of this Act, the Secretary shall determine the number of eligible Indian children who were enrolled in the schools of a local educational agency, and for whom such agency provided free public education, during such fiscal year.

(B) For purposes of this subpart, the term "eligible Indian children" means Indian children whom the Secretary has determined—

(i) were enrolled in a school of the local educational agency, and

(ii) were provided free public education by the local educational agency.

(2)(A) From the sums appropriated under section 5316(a) for any fiscal year, the Secretary shall allocate to each local educational agency which has an application approved under this subpart an amount which bears the same ratio to such sums as the product of—

(i) the number of eligible Indian children, multiplied by

(ii) the average per pupil expenditure per local educational agency,

bears to the sum of such products for all such local educational agencies.

(B) A local educational agency shall not be entitled to receive a grant under this subpart for any fiscal year unless the number of eligible Indian children, with respect to such agency, is at least 10 or constitutes at least 50 percent of its total enrollment. The requirements of this subparagraph shall not apply to any local educational agencies serving Indian children in Alaska, California, and Oklahoma or located on, or in proximity to, an Indian reservation.

(C) For the purposes of this subsection, the average per pupil expenditure for a local educational agency is equal to the amount determined by dividing—

(i) the sum of—

(I) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the computation is made, of all of the local educational agencies in the State in which such agency is located, plus

(II) any direct current expenditures by such State for the operation of such agencies (without regard to the sources of funds from which either of such expenditures are made), by 102 STAT. 397

(ii) the aggregate number of children who were in average daily attendance for whom such agencies provided free public education during such preceding fiscal year.

(3)(A) The first fiscal year for which schools operated by the Bureau of Indian Affairs of the Department of the Interior shall be treated as local educational agencies for the purposes of this subpart (other than sections 5314(b)(2)(B)(ii) and 5315(c)(2)) is the first fiscal year beginning after the date of enactment of this Act for which the amount of funds appropriated for allocation under this subsection equals or exceeds the amount of funds

that, if such schools are not treated as local educational agencies, is necessary to allocate under paragraph (2) (determined without regard to subparagraph (B)) to each local educational agency which has an application approved under this subpart for such fiscal year an amount of funds for each eligible Indian child equal to the sum of—

(i) the average amount of funds per eligible Indian child that was received by such local educational agency for fiscal year 1988 under section 303(a)(2) of the Indian Elementary and Secondary School Assistance Act (20 U.S.C. 241bb(a)(2)), plus

(ii) 2 percent of the amount described in clause (i).

(B)(i) Notwithstanding any other provision of this subpart, for each fiscal year to which this clause applies—

(I) paragraph (2) shall first be applied to allocate the portion of the funds appropriated for such fiscal year for allocation under this subsection that does not exceed the amount determined to be necessary under subparagraph (A) among only those local educational agencies that received funds under section 303(a)(2) of the Indian Elementary and Secondary School Assistance Act (20 U.S.C 241bb(a)(2)) for fiscal year 1988, and

(II) paragraph (2) shall then be applied to allocate the remaining portion (if any) of the funds appropriated for such fiscal year for allocation under this subsection among only those local educational agencies that are schools operated by the Bureau of Indian Affairs.

(ii) Clause (i) applies to the first fiscal year described in subparagraph (A), and each succeeding fiscal year, until the amount of funds appropriated for allocation under this subsection for any fiscal year beginning after the date of enactment of this Act equals or exceeds the amount of funds that, if all schools operated by the Bureau of Indian Affairs are treated as local educational agencies, is necessary to allocate under paragraph (2) (determined without regard to clause (i)) to each local educational agency which has an application approved under this subpart for such fiscal year an amount of funds for each eligible Indian child equal to the sum of—

(I) the average amount of funds per eligible Indian child that was received by such local educational agency for fiscal year 1988 under the Indian Elementary and Secondary School Assistance Act, plus

(II) 2 percent of the amount described in subclause (I).

(c) GRANTS TO SCHOOLS THAT ARE NOT, OR HAVE NOT BEEN, LOCAL EDUCATIONAL AGENCIES.—

102 STAT. 398

(1) In addition to the sums appropriated for any fiscal year for grants to local educational agencies under this subpart, there is hereby authorized to be appropriated for any fiscal year an amount not in excess of 10 percent of the amount appropriated for payments on the basis of entitlements computed under subsection (b) for that fiscal year, for the purpose of enabling the Secretary to provide financial assistance in accordance with the provisions of this subpart to schools—

(A) which are located on or near reservations; and

(B) which—

(i) are not local educational agencies, or

(ii) have not been local educational agencies for more than 3 years.

the Secretary to make grants on a competitive basis to local educational agencies to support demonstration projects and programs which are designed to plan for and improve educational opportunities for Indian children, except that the Secretary shall reserve a portion not to exceed 25 percent of such funds to make grants for demonstration projects examining the special educational and culturally related academic needs that arise in school districts with high concentrations of Indian children.

(6) provide for such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, Federal funds paid to the applicant under this subpart; and

Joint Resolution

Aug. 8, 1988
[H.J. Res. 90]

To authorize and request the President to call and conduct a White House Conference on Library and Information Services to be held not earlier than September 1, 1989, and not later than September 30, 1991, and for other purposes.

20 USC 1501 note.

Whereas access to information and ideas is indispensable to the development of human potential, the advancement of civilization, and the continuance of enlightened self-government;

Whereas the preservation and the dissemination of information and ideas are the primary purpose and function of the library and information services;

Whereas the economic vitality of the United States in a global economy and the productivity of the work force of the Nation rest on access to information in the postindustrial information age;

Whereas the White House Conference on Library and Information Services of 1979 began a process in which a broadly representative group of citizens made recommendations that have improved the library and information services of the Nation, and sparked the Nation's interest in the crucial role of library and information services at home and abroad;

Whereas library and information service is essential to a learning society;

Whereas social, demographic, and economic shifts of the past decade have intensified the rate of change and require that Americans of all age groups develop and sustain literacy and other lifelong learning habits;

Whereas expanding technological developments offer unprecedented opportunities for application to teaching and learning and to new means to provide access to library and information services;

Whereas the growth and augmentation of the Nation's library and information services are essential if all Americans, without regard to race, ethnic background, or geographic location are to have reasonable access to adequate information and lifelong learning;

Whereas the future of our society depends on developing the learning potential inherent in all children and youth, especially literary, reading, research, and retrieval skills;

Whereas rapidly developing technology offers a potential for enabling libraries and information services to serve the public more fully; and

Whereas emerging satellite communication networks and other technologies offer unparalleled opportunity for access to education opportunities to all parts of the world, and to individuals who are homebound, handicapped, or incarcerated: Now, therefore, be it

(a) FINDINGS.—The Congress makes the following findings:

(1) During the past decade, there have been major advances in modern technology. Technology is now a powerful force in the lives of most residents of the United States.

(2) For all individuals, technology can provide important tools for making the performance of tasks quicker and easier.

(3) For some individuals with disabilities, assistive technology is a necessity that enables them to engage in or perform many tasks. The provision of assistive technology devices and assistive technology services enables some individuals with disabilities to—

(A) have greater control over their own lives;

(B) participate in and contribute more fully to activities in their home, school, and work environments, and in their communities;

(C) interact to a greater extent with nondisabled individuals; and

(D) otherwise benefit from opportunities that are taken for granted by individuals who do not have disabilities.

(4) Although the development of assistive technology devices designed to assist individuals with disabilities is still in its early stages, there already exist a substantial number of assistive technology devices, including simple adaptations to existing equipment, that could significantly benefit, in all major life activities, individuals of all ages with disabilities. Such devices, including adaptations, could be used in programs and activities such as early intervention, education, rehabilitation and training, employment, residential living, independent living, recreation, and other aspects of daily living.

(5) The use of assistive technology devices and services by individuals with disabilities can reduce the costs of the disabil-

ities to society, individuals with disabilities, and families of individuals with disabilities by reducing expenditures associated with early intervention, education, rehabilitation, health care, transportation, telecommunication services, and other services required by individuals with disabilities.

(6) Many individuals with disabilities do not have access to the assistive technology devices and assistive technology services that such individuals need to allow such individuals to function in society commensurate with their abilities. States do not have comprehensive programs for making available technology-related assistance to individuals with disabilities. There is a lack of— 102 STAT. 1045

(A) resources to pay for such devices and services;

(B) trained personnel to provide such devices and services and to assist individuals with disabilities to use such devices and services;

(C) information about the potential of technology available to individuals with disabilities, the families or representatives of individuals with disabilities, individuals who work for public agencies and private entities that have contact with individuals with disabilities (including insurers), employers, and other appropriate individuals;

(D) coordination among existing State human services programs, and among such programs and private agencies, particularly with respect to transitions between such programs and agencies; and

(E) capacity of such programs to provide the necessary technology-related assistance.

(7) There are insufficient incentives for the commercial pursuit of the application of technology devices to meet the needs of individuals with disabilities, because of limited markets.

(8) At the Federal level, there is a lack of coordination among agencies that provide or pay for the provision of assistive technology devices and assistive technology services. Also, the Federal Government does not provide adequate assistance and information with respect to the use of assistive technology devices and assistive technology services to individuals with disabilities, the families or representatives of individuals with disabilities, individuals who work for public agencies and private entities that have contact with individuals with disabilities (including insurers), employers, and other appropriate individuals.

(b) PURPOSES.—The purposes of this Act are as follows:

(1) To provide financial assistance to the States to help each State to develop and implement a consumer-responsive statewide program of technology-related assistance for individuals of all ages with disabilities that is designed to—

(A) increase awareness of the needs of individuals with disabilities for assistive technology devices and assistive technology services;

(B) increase awareness of policies, practices, and procedures that facilitate or impede the availability or provision of assistive technology devices and assistive technology services;

(C) increase the availability of and funding for the provision of assistive technology devices and assistive technology services for individuals with disabilities;

(D) increase awareness and knowledge of the efficacy of assistive technology devices and assistive technology services among individuals with disabilities, the families or representatives of individuals with disabilities, individuals who work for public agencies and private entities that have contact with individuals with disabilities (including insurers), employers, and other appropriate individuals; 102 STAT. 1046

(E) increase the capacity of public and private entities to provide technology-related assistance, particularly assistive

technology devices and assistive technology services, and to pay for the provision of assistive technology devices and assistive technology services;

(F) increase coordination among State agencies and public and private entities that provide technology-related assistance, particularly assistive technology devices and assistive technology services; and

(G) increase the probability that individuals of all ages with disabilities will, to the extent appropriate, be able to secure and maintain possession of assistive technology devices as such individuals make the transition between services offered by human service agencies or between settings of daily living.

(2) To facilitate—

(A) the identification of Federal policies that facilitate payment for assistive technology devices and assistive technology services for individuals with disabilities;

(B) the identification of Federal policies that impede such payment; and

(C) the elimination of inappropriate barriers to such payment.

(3) To enhance the ability of the Federal Government to provide the States with—

(A) technical assistance, information, and training and public awareness programs relating to the provision of assistive technology devices and assistive technology services; and

(B) funding for model demonstration and innovation projects.
